ATOMIC LAYER DEPOSITION OF ALUMINUM FLUORIDE THIN FILMS

United States 14/621218

Filed February 13, 2014

3 inventors:

Markku Leskelä

professor at University of Helsinki

Miia Mäntymäki

Researcher at University of Helsinki

Mikko Ritala

professor at University of Helsinki

Recommendations

Given (3)

**Timothee Blanquart**

Ph.D student, Marie Curie position

“ Dr. Timothee Blanquart has worked in the Laboratory of Inorganic Chemistry at University of Helsinki from March 2010 to December 2013 first as a PhD student and later as a post doc. He did his research work in the thin film group of the Laboratory of Inorganic Chemistry. Timothee's main achievements in research include the development of several new ALD processes for... **more**

April 1, 2014, Markku managed Timothee at University of Helsinki

**Runar Törnqvist**

Director, EL Product Management

“ I have collaborated with Runar in several Tekes and EU projects during 1985-2002. A particularly intense time was in the 90ies when Runar was the manager of color thin-film EL development. Runar mastered in EL development both the science and technology. At the same time he always kept the applications and market in mind. Runar is an experienced and broad-minded technology... **more**

August 21, 2013, Markku worked directly with Runar at Planar Systems, Inc. (Espoo, Finland, plant)

**Anne Vaahtokari**

Imaging Coordinator

“ I know Dr. Anne Vaahtokari from Helsinki Functional Imaging Center (HFIC) where she was a key person when this center was established and running the center in the first years. HFIC integrates the activities of twelve core facilities locating at two universities (University of Helsinki and Aalto University). It has several member laboratories from different disciplines and... **more**

August 1, 2010, Markku managed Anne indirectly at University of Helsinki
