

In order to provide the global community with anti-virus coverage in a timely manner, ThunderBYTE has established a distributor program to provide service, sales and support for our products around the world.

ThunderBYTE Anti-Virus (TBAV) is a comprehensive toolkit designed to protect against, and recover from, computer viruses.

ThunderBYTE strives to achieve the highest standards in Computer Security and Anti-Virus Software for the millions of our PC users around the world. We invite you to download an evaluation version of our software with no obligation, other than to remove the software at the end of your 30-day trial period if it does not meet your needs or expectations.

During the course of your evaluation, we welcome your feedback and suggestions. 24-hour technical support is available on-line

via CompuServe:

GO TBYTE, section 10

GO WINUTIL, Section 23

via Internet:

(North America) [tct.tech@thunderbyte.com](mailto:tct.tech@thunderbyte.com)

(International) [int.tech@thunderbyte.com](mailto:int.tech@thunderbyte.com)

Telephone technical support is available only to registered users or to qualified organizations who may obtain a temporary access number by sending an e-mail request with complete contact information to [info@thunderbyte.com](mailto:info@thunderbyte.com).

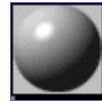

Customers interested in any form of site licensing, or discussing particular anti-virus security needs should contact us directly via phone, fax, or email. Complete contact information can be found on our [home page](#) and on our [distributors page](#).

BLUE COAT - EXHIBIT 1017

Qualified organizations, editors, reviewers or PC users groups who prefer to receive a disk-based evaluation version of our software complete with a printed manual, please e-mail us or contact one of our local distributors.
