**DECLARATION OF PAUL POIROT IN SUPPORT  
OF PETITIONER'S SECOND MOTION FOR *PRO*  
*HAC VICE* ADMISSION**

I, Paul Poirot, hereby declare the following:

1. I am a member in good standing of the state bar of the District of Columbia, the state bar of Illinois, the U.S. District Court for the Central District of Illinois, the U.S. Court of Appeals for the Federal Circuit, and the U.S. Supreme Court.

2. I have never been suspended or disbarred from practice before any court or administrative body.

3. I have never had an application for admission to practice before any court or administrative body denied with prejudice and I have been admitted to every court or administrative body to which I sought admission once motions for such admission were corrected. My admission to appear in this Inter Partes Review was denied without prejudice in Paper No. 11.

4. No sanction or contempt citation has been imposed against me by any court or administrative body.

5. I have read and will comply with the Office Patent Trial Practice Guide and the Board's Rules of Practice for Trials set forth in Part 42 of Title 37, Code of Federal Regulations.

6. I will be subject to the USPTO Rules of Professional Conduct set forth in 37 C.F.R. §§ 11.101 *et seq.* and disciplinary jurisdiction under 37 C.F.R. § 11.19(a).

7. I have not applied to appear *pro hac vice* before the Office in the last three (3) years, other than in the following current Inter Partes Reviews in which I am concurrently seeking admission:

Case IPR2017-01868 (Patent 6,326,231)

Case IPR2017-01869 (Patent 6,388,330)

Case IPR2017-01872 (Patent 6,103,611)

Case IPR2017-01873 (Patent 6,380,588)

Case IPR2017-02123 (Patent 6,153,933)

Case IPR2017-02124 (Patent 6,046,089)

8. I focus my practice on patent litigation and licensing. I have litigated patent cases in numerous district courts around the country, before the International Trade Commission, and before the Court of Appeals for the Federal Circuit. I am also an experienced negotiator who has concluded more than 150 patent licenses and settlement agreements for parties and has performed intellectual property due diligence reviews of major acquisitions. I previously spent two years in Tokyo as a member of the intellectual property group of a major Japanese electronics company, where I represented the company in licensing negotiations for one of the largest and most diverse patent portfolios in the world, as well as having worked as an engineer for National Instruments in Texas. I have particular experience and familiarity with the Petition, the patent, and its

prosecution history involved in this Inter Partes Review, as I have been involved in the patent litigation involving this same patent on behalf of the Petitioners since December 2016. I have personally reviewed all documents filed by Petitioners in this Inter Partes Review.

I hereby declare that all statements made herein of my own knowledge are true and that all statements made on information and belief are believed to be true; and further that these statements were made with the knowledge that willful false statements and the like so made are punishable by fine or imprisonment, or both, under Section 1001 of Title 18 of the United State Code and that such willful false statements may jeopardize the validity of the application or any patents issued thereon.
