

Home

Our objective is to promote re-use of used semiconductor manufacturing equipment, saving money for the buyer and the seller, by providing marketing and sales support for clients with semiconductor related equipment to sell and clients wanting to buy these surplus material assets. Established in 1998, we have now built up an international network of sales agents and offices and become one of the largest Semiconductor Equipment brokerages by concentrating on professionalism, customer service and value for money.

Equipment For
Sale by SDI Group

How to Buy and Sell

We specialize in the wholesale clearance of used semiconductor manufacturing equipment from facilities, and can advise on marketing your surplus assets should you be in the situation where you need to professionally and discreetly market entire facilities of surplus equipment at the best possible price in a limited time.

Spares for
Sale

Make Contact

Our technical focus is on the semiconductor manufacturing process, particularly metrology and QC equipment, reticle QC, lithography equipment, deposition and coating equipment, including refurbished Applied Materials Lam and Novellus cluster tools, assembly equipment and surface mount technology equipment.

Complete Facilities
For Sale

We also stock a wide range of second-source OEM spares, and can help you market your spares surplus inventories via our database of clients.

On our website , you will find 4 lists of used semiconductor manufacturing equipment divided up as follows:

Equipment For
Sale from
other brokers.

"Equipment owned by SDI". This table contains a list of surplus semiconductor manufacturing equipment that is 100% owned by SDI. Click [here](#) to see this table.

"Equipment for sale by SDI". This table contains a list of surplus semiconductor manufacturing equipment that is being brokered by SDI on behalf of our clients. Click [here](#) to see this table.

"Spares for Sale by SDI". This table contains a list of OEM manufactured spares and sub-assemblies for semiconductor manufacturing equipment. Click [here](#) to see this table.

"Equipment for sale by other brokers". This table contains a list of surplus semiconductor manufacturing equipment that is owned by other brokers and has been offered to sale by SDI. Click [here](#) to see this table.

Maximise the profits you make by reselling and reusing surplus equipment today. **Contact us NOW** to buy and sell surplus semiconductor manufacturing , assembly and test equipment; no charge is made for advertizing, searches and technical advice.
