Dear Board,

In response to Patent Owner's Objections to Petitioner's Exhibits in IPR2019-01336 and IPR2019-01335, Petitioner obtained the attached declarations attesting to the public availability and authenticity of the Wu reference (Exhibit 1018). Petitioner served the declarations and related exhibits on Patent Owner on February 24, and informed Patent Owner that Petitioner intends to request authorization to file a motion to submit the attached declarations as supplemental information under §42.123. In response, Patent Owner confirmed that it does not oppose Petitioner's request.

This email is to request authorization to file a motion for supplemental information in each IPR. Patent Owner is of course willing to make itself available for a telephone conference if the Board has any questions or would like to discuss this issue further.
