*Curriculum Vitae of John "Jack" Figh*

**CURRICULUM VITAE****JOHN "JACK" N. FIGH, JR.**

P.O. Box 1710, Oldsmar, FL 34677 | 813-495-1504 | JFigh@vanguardprotexglobal.com

**EDUCATION****Auburn University**

*Bachelor of Science Electrical Engineering*

1984

**PROFESSIONAL EXPERIENCE****EPOS Corporation**

*Design Engineer*

(Product Design – Microprocessor / Hardware / Software)

June 1984 - June 1986

**Amitron, Inc.**

*Product Engineer*

(Product Design – Microprocessor / Hardware / Software)

June 1986 – Feb. 1987

**HMG Worldwide/Intermark Corp.**

*Director - Engineering*

Retail Store Electronic Information Kiosks – Hardware / Software

Feb. 1987 – Sept. 2001

**Vanguard Products Group**

*Director - Engineering*

*Director - Product Development*

*Director - Sales Operations*

(Retail Store Anti-Theft Security – Product Development / R&D / Sales Support)

Jan. 2002 - Present

**PATENTS****Patent No.****Title****Issue Date**

10,378,248

Anti-theft device with adjustable locking arms for securing an article of merchandise

August 13, 2019

10,323,440

Anti-theft device having an interlocking assembly for securing an article of merchandise

June 18, 2019

10,140,825

Anti-theft device for monitoring a universal serial bus Type C connector

November 27, 2018

10,074,250

Anti-theft device for monitoring connection between a male plug and a female receptacle

September 11, 2018

10,032,349	Anti-theft device for monitoring a universal serial bus type C connector	July 24, 2018
9,830,788	Anti-theft device for monitoring a universal serial bus type C connector	November 28, 2017
9,472,068	Anti-theft device for monitoring connection between a male plug and a female receptacle	October 18, 2016
9,353,552	Anti-theft device for merchandise displays	May 31, 2016
9,194,160	Security device with a magnet-based release mechanism	November 24, 2015
9,105,166	Adjustable anti-theft bracket for displaying electronic gadgets	August 11, 2015
8,816,853	Self-shunting security device for detecting the absence or presence of a removable auxiliary alarm assembly	August 26, 2014
8,749,194	Inductive charging retail display device	June 10, 2014
8,696,377	Communication connector with analog coupling circuit	April 15, 2014
8,517,748	Communication connector with analog coupling circuit	August 27, 2013
8,345,398	Integrated variable output power supply protection circuit	January 1, 2013
8,094,019	Self-shunting security device	January 10, 2012
7,768,397	Cable assembly for securing hinged products	August 3, 2010
7,639,133	Security device for hinged products	December 29, 2009
7,242,299	Sensors and methods for detecting attachment to a surface	July 10, 2007

6,956,479	Sensors and methods for detecting attachment to a surface	October 18, 2005
5,463,209	Point-of-sale product information dissemination arrangement and method	October 31, 1995
5,392,025	Electronic security system for display cabinets	February 21, 1995
4,827,220	Method and apparatus for testing batteries	May 2, 1989
