Case Name: Dolby Laboratories, Inc. v. Intertrust Technologies Corporation
Case Number: [3:19-cv-03371-EMC](#)
Filer:
Document Number: 98(No document attached)

Docket Text:

CLERK'S NOTICE. The Court has received the opening claim construction brief. The brief does not comply with Patent Local Rule 4-3 which implicitly sets a limit on claim construction to ten agreed-upon terms (absent further order from the Court) and is therefore **STRICKEN**. The Court limits new briefing to the ten terms previously identified by the parties as the ten most significant terms. If the parties have since reached agreement on any of those ten terms, then they may meet and confer to identify new terms (so long as the total number of terms does not exceed ten). The parties shall meet and confer to reach agreement on the terms (as necessary) and to set a new briefing and hearing schedule for claim construction (including the tutorial). A stipulation on the briefing and hearing schedule shall be filed within a week of the date of this order. *(This is a text-only entry generated by the court. There is no document associated with this entry.)* (afmS, COURT STAFF) (Filed on 8/5/2020)
