★★★★★ Well Made & Comfortable Set of Dumbbells

Reviewed in the United States on January 2, 2021

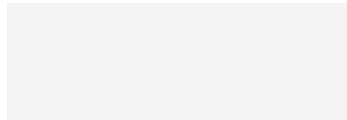

Color: Dark Blue | Style Name: 4-Pound, Pair | **Verified Purchase**

I purchased the Portzon Set of 2x 4 lbs Neoprene Dumbbells in blue to replace a pair I lent to my niece at the beginning of the pandemic. At this point, I decided to just buy these for me to use so she could keep the others.

I primarily use these after my warmup, throwing punches, light swings & flys, to get my shoulders & back ready for strength training.

The dumbbells arrived on time & w/out issue. There were no noticeable defects or damage to the neoprene coating. The coating does have a comfortable nonslip texture. The quality seems to be right on par w/the other varies manufactured lightweight neoprene coated dumbbells I own. These would be fine for all sizes of hands. If you have smaller hands, you will be able to grip & hold on to the dumbbells securely & comfortably.

Thank you for taking the time to read my review, I hope you found it helpful.

Bought for my wife to use. I'm a coach...have trained two world champions and 1 Olympic Trials Finalist. These little things are very good for home fitness. The grip feels amazingly comfortable. Color is nice. Balance is perfect.

★★★★☆ **Does the job**

Reviewed in the United States on September 11, 2020

These are no frills dumbbells that weigh what they say they do (I weighed them on my scale at home). They are very comfortable to hold, but I have very small hands. The grip is much shorter when compared to other brand dumbbells I have. If it was any shorter, it'd be too small for me, and I am female 5'2". They definitely don't look as sleek/cool as my other name-brand dumbbells, but since workout gear is difficult to find in general right now and especially 4lb weights are not as common, they'll definitely do the trick and I'll be keeping them.

The weights I ordered say they come in a set. Only received one. So disappointing.

★★★★★ **Great buy.**

I needed weights for my Peloton arms workouts. But I didn't want the options offered by peloton. They only offer between 1 and 3 lbs. Plus I love the color red lol. These red hand weights workout perfectly. Plus they go up to like 10lbs. I was lucky the weights weren't damaged or dented like the others who's posted. So I am even more happy.

I attend a strength and bone density class for seniors. I wanted to move up in weight. This one works quite nicely. Nice grip.

★★★★☆ **Good quality. Hand grip is a little to narrow for a guy, but they work.**

Reviewed in the United States on November 8, 2020

Color: Pink | Style Name: 4-Pound, Pair | **Verified Purchase**

I bought these to supplement some hand weights I already had. I need a 4-lb weight due to some shoulder impingement issues, and the need to have that size for a physical therapy regimen. The weight is well made with a good gripping surface. My only criticism is that the length of the grip is a little short for a man's hand, but quite workable.

★★★★★ Llego en otro color del que se había solicitado

Reviewed in Mexico on February 4, 2021

Color: Red | Style Name: 1-Pound, Pair | **Verified Purchase**

Cumple con el objetivo del mismo, resistente, material adecuado.

Lo malo fue que llegó en color rosa cuando se solicitó y se pago por mancuernas de color rojo, por ello no le doy 5 estrellas, ya que tuve que comprar otras mancuernas, claro, no con ustedes, por este error de logística.
