Subject: SITO Mobile R&D IP et al v. Hulu, LLC (6:20-cv-00472-ADA)

Counsel,

Hulu intends to file a petition for *inter partes* review today challenging claims of U.S. Patent 8,825,887 before the Patent Trial and Appeal Board. In order to eliminate any potential inefficiencies or overlap with the district court litigation, Hulu stipulates that if the IPR is instituted, it will not pursue invalidity against the claims of the '887 Patent currently asserted against Hulu by SITO in the District Court (claims 39, 45, 52, 68, 98, 99, 100, 101, 103, 105, 111, 115, and 117) in Case No. 6:20-cv-00472-ADA based on U.S. Patent No. 6,389,467 ("Eyal") or U.S. Patent Publication No. 2004/0083273 ("Madison"), the primary references of the grounds of the petition.

Regards,
Cameron
