I Ronald Abramson declare as follows under penalty of perjury.

1. I am Lead Attorney for Petitioner.
2. On August 30, 2019 I used the open source program VLC to view the VIP72 video on the webpage <https://www.youtube.com/watch?v=L0Hct2kSnn4>, depicted in Ex. 1027 herein.
3. Using the VLC software, I downloaded the video on that date, in the form of an mp4 file.
4. Also on that date, I used the VLC software to extract every 50<sup>th</sup> frames from the mp4 video and saved the frames, which VLC named as sequentially numbered “scene” .png images, to a hard drive.
5. Ex. 1028 herein is an indexed PDF file of all the scene images, which I created using the FOXIT PDF software.
6. I have reviewed the screen shots resulting from the above3-described process and state that Ex. 1028 accurately represents an approximate second-by-second record of the subject video. There was no sound track in the video.

I declare that the foregoing is true and correct.
