**DECLARATION OF ANDREA L. SCRIPA IN SUPPORT OF
MOTION FOR ADMISSION PRO HAC VICE**

I, Andrea L. Scripa, declare as follows:

1. I am an attorney licensed to practice law in the State of New York and Commonwealth of Massachusetts. I am also admitted to practice before the Federal Circuit and the U.S. District Court for the District of Massachusetts, the Southern District of New York, and the Eastern District of New York. I am a member in good standing in all jurisdictions where I have been admitted to practice.

2. I have never been suspended or disbarred from practice before any court or administrative body.

3. I have never had an application denied for admission before any court or administrative body.

4. I have never had any sanctions or contempt citations imposed by any court or administrative body.

5. I have read and agree to comply with the Office Patent Trial Practice Guide and the Board's Rules of Practice for Trials set forth in part 42 of Title 37, Code of Federal Regulations.

6. I affirm my agreement before the USPTO to be subject to the USPTO Code of Professional Responsibility 37 C.F.R. §§ 10.20 *et seq.*, Rules of Professional Conduct 37 C.F.R. §§ 11.101 *et seq.*, and disciplinary jurisdiction under 37 C.F.R. § 11.19(a).

7. In addition to this proceeding, I have applied to appear *pro hac vice* in two other proceedings before the USPTO in connection with the patent at issue, U.S. Patent No. 10,951,459 (*see* IPR2021-01210; IPR2021-01211), and one proceeding in connection with a related patent, U.S. Patent No. 10,523,492 (*see* IPR2021-00008). U.S. Patent No. 10,523,492 is a parent of the patent at issue in this proceeding, U.S. Patent No. 10,951,459 (“the ’459 Patent”). I have not applied to appear *pro hac vice* in any other proceedings before the USPTO in the last three (3) years.

7. I have been an associate at the law firm Morrison & Foerster LLP since February of 2020. I have worked on patent litigation matters during my entire tenure at the firm. Before joining Morrison & Foerster LLP, I was an associate at Goodwin Procter LLP for more than two years, where I also worked on patent litigation matters during my entire tenure. I have experience in patent litigation at all phases of the litigation process from pre-filing investigations up to trial, including drafting of pleadings, expert discovery, and specialized patent-related proceedings such as *Markman* hearings and invalidity contentions.

8. I have two years of industry experience with technologies related to those disclosed in the ’459 Patent, including hosted software, client-server communications, and administering distributed computing environments.

9. I am familiar with the subject matter at issue in this proceeding. I have been engaged by the Petitioners to represent the Petitioners before the Board in this proceeding. I have undertaken the study of *inter alia* the '459 Patent, the Petition for Post-Grant Review, and the art cited in the Petition. I am also familiar with the co-pending consolidated litigation identified by the Petitioner in the Petition for Post-Grant Review (page 55). I have acquired a substantial understanding of the underlying legal and technological issues at stake in these proceedings.

I hereby declare that all statements made herein of my own knowledge are true and that all statements made on information and belief are believed to be true; and further that these statements are made with the knowledge that willful false statements and the like so made are punishable by fine or imprisonment, or both, under Section 1001 of Title 18 of the United States Code and that such willful false statements may jeopardize the Petition for Post-Grant Review of U.S. Patent No. 10,951,459.
