Keyword searches automatically include AND. The search term Qatar history searches Qatar AND history. You do not need to add the word AND.

- Use "quotation marks" to search for words together as one phrase.
- Parentheses, OR, and NEAR are not recognized as search operators.

Enter your search word or phrase in the search box and press the enter key or submit button. The system finds records that contain all of your search words from anywhere in the record.

*Some example searches:*

**Search by title**
Enter as much of the title as you know:

- Book
  *Economic and social development in Qatar*
- Journal
  *Journal of Agricultural and Environmental Ethics*
- Article

Wrong: The past, present, and future (?) of crime-related forensic accounting methodology
- No result retrieved? Search without the ( )

Correct: The past, present, and future ? of crime-related forensic accounting methodology

**Search by author**
For individuals, enter last name first:

- Nafi, Zuhair Ahmed

*Tips when searching:*

Use * to truncate:
Architect

- Will search for architecture, architect, architectural, etc.

**Advanced Search**

Click Advanced Search link option from Basic Search

Search by keyword, title, subject, or author by using the drop down menu.

For example: Searching for Doha using Title
Advance search does not allow the direct typing of Boolean operators. In the advanced search AND, OR and Not operators can be used in any order by clicking plus option (+) to add and (X) to delete the combinations required for searching.

Refining Results

Search results can be limited by various facets available
Boolean Search – Title: Doha and Subject: History

Additional Actions
Additional actions allow you to add titles to your cart, email and export to RefWorks.
This house believes women will be worse off after the Arab revolutions [videorecording]
