FAITH IS TO BELIEVE

Placing our faith and trust in God, whom we cannot see, is not always easy. We wonder why suffering exists and question the meaning of life and our purpose in the world. We wonder if God is really present during the most challenging of life circumstances; we sometimes experience spiritual dryness, in which God seems distant or absent. At times, we may feel strong in faith, until a situation at home or work requires us to act as a person of faith, and suddenly faith is no longer easy, convenient, or comfortable. These moments are so common that we speak of taking a "leap of faith," when we act out of faith, even when the result of doing so is uncertain. Such a leap is often a turning point in our lives, as we find strength, healing and peace in turning our burdens and anxieties over to God in trust. Saint Augustine said, "Faith is to believe what you do not see. The result of this faith is to see what you believe."
