

A huge family of sulfur compounds is responsible for the pungent aroma and health benefits of Allium vegetables. NeoLife's Garlic Allium Complex is a state-of-the-art, whole-food supplement delivering standardized amounts of allicin, the key health-promoting sulfur compound in garlic, plus other beneficial allium nutrients. Our Targeted Delivery Technology insures that bioactive allicin reaches the intestines, where it delivers optimal benefit.

60 Tablets

## Why Garlic and Other Allium Vegetables?

- Allium vegetables (garlic, onions, chives, leeks, etc.) have been used **worldwide for thousands of years as foods, spices, and folk medicines.**
- **Used in Herbal Medicine to help maintain cardiovascular health in adults.**

## Our Solution: Garlic Allium Complex

- **Broad-spectrum, whole-food supplementation.** Garlic Allium Complex features powders and extracts from a variety of allium vegetables — garlic, onion, chive, and leek — linked in numerous research studies to good health, and assures your daily intake of diverse, beneficial nutrients from the allium "family."
- **Unique process to protect natural enzymes.** The enzyme alliinase is required for the formation of allicin, the critical sulfur compound responsible for many of garlic's health benefits. NeoLife's special technology protects alliinase from destruction by stomach acid.
- **Guaranteed allicin content.** Each serving provides 4,200 mcg of active allicin from high-yield garlic extracts. Research studies show that this amount — equivalent to that found in one clove of fresh garlic — effectively promotes health.
- **Nutrient family approach.** Includes not only allicin, but also other bioactive compounds (for example, oil-soluble substances from fresh garlic and onion), which exist naturally in allium vegetables and work together in different ways to benefit health.

- **Targeted Delivery Technology.** Enteric coating maximizes the product's stability and absorption and insures the formation of active allicin in the intestines. As a result, Garlic Allium Complex does not cause repeating or garlic breath!
- **Contains rosemary,** a potent antioxidant herb.
- **Convenient.** Provides an easy way to reap the benefits of allium vegetables without having to eat a clove of fresh raw garlic every day.

**SUGGESTED USE:** ADULTS take 2 tablets daily. To assure breath freshness, do NOT chew tablets.

**Cautions:** Consult a health care practitioner prior to using any garlic supplement if you are taking blood thinners or protease inhibitors, have diabetes, or symptoms persist or worsen. Do not use if you are pregnant or breastfeeding. Hypersensitivity (e.g. allergy) has been known to occur, in which case discontinue use.

**Medicinal ingredients: Each tablet contains:**

|   |           |
|---|-----------|
| Garlic ( <i>Allium sativum</i> ) bulb                       | 210.75 mg |
| (Standardized to 2100 µg allicin)                           |           |
| Garlic (10:1 extract)                                       | 15 mg     |
| ( <i>Allium sativum</i> ) equivalent to 150 mg bulb         |           |
| Onion (10:1 extract)  | 10 mg     |
| ( <i>Allium cepa</i> ) equivalent to 100 mg bulb            |           |
| Leek ( <i>Allium porrum</i> ) leaf                          | 9 mg      |
| Rosemary (4:1 extract)                                      | 2.5 mg    |
| ( <i>Rosemarinus officinalis</i> ) equivalent to 10 mg leaf |           |
| Chive (20:1 extract)  | 0.25 mg   |
| ( <i>Allium schoenoprasum</i> ) equivalent to 5 mg leaf     |           |

**Non-medicinal ingredients:**

Microcrystalline cellulose, stearic acid, ethylcellulose, calcium carbonate, hydroxypropyl methylcellulose, isomalt, silicon dioxide, medium chain triglycerides, sodium alginate and oleic acid.

Store in a cool, dry place, away from direct sunlight.
