

Power-Packed Daily Nutrition

- Phyto-lipids and phyto-sterols for cellular membrane health*
- Carotenoid antioxidants for immune strength*
- Potent dose of Omega-3s for overall wellness*
- Broad spectrum of essential vitamins and minerals

NeoLife Scientific
Advisory Board

#3145 - 30 Packets

Each daily packet provides a power-packed dose of potent omega-3s, carotenoid antioxidants, phyto-lipids and -sterols, and vitamins and minerals for cellular energy and lifelong health.*

- Includes both whole-food derived and bio-active nutrition to strengthen the perfect foundation for lifelong health and vitality.*
- Four powerhouse products in one convenient daily pack—featuring Tre-en-en®, Carotenoid Complex™, Omega-3 Plus, and the exclusive Essential Vitamin & Mineral Complex, only found in Pro Vitality.
- With 22 essential vitamins and minerals, lipids and sterols from whole grains and legumes, carotenoids from fruits and vegetables, and omega-3 fatty acids from wild-caught fish.
- Each packet provides powerful nutrients that support:
 - Cellular health for abundant energy*
 - Powerful antioxidant protection*
 - Optimum immune strength*
 - Heart and brain health*
 - Flexible, healthy joints*
 - Eye health*
 - Youthful skin, hair, and nails*
 - Healthy aging*
- Pro Vitality is the core supplement for healthy nutrition—no matter what your health goals!

Our Diet Impacts Our Health & Vitality

Leading global health authorities like the World Health Organization, Centers for Disease Control, American Heart Association, National Cancer Institute, and American Diabetes Association agree that the key to promoting health is eating a nutrient-rich diet that includes whole grains, fruits & vegetables, and fish.

- Almost 90% of Americans do not meet the vegetable intake recommendation, about 80% do not meet the recommendation for fruits.¹
- Ultra-processed foods make up 57% of calories consumed in the typical American diet.²
- 98% of Americans do not meet the recommendations for whole grains but most of us are exceeding the limits for refined grain intake.¹
- Protective lipids and sterols have been stripped from whole grains to increase their shelf life.
- Many don't eat fish due to concerns about the presence of heavy metals and contaminants.
- A majority of people are below the estimated average requirement for some basic, essential vitamins and minerals.

Good Nutrition Can Optimize Health

- Everyone should increase consumption of whole-grain foods, fruits and vegetables, and foods rich in omega-3 fatty acids—and maintain a healthy weight.
- But even those with good intentions to eat a healthy diet face challenges. Busy lifestyles, eating on-the-run, and the prevalence of processed foods all contribute towards nutritional gaps that would benefit from nutritional supplements.

Four Essentials in One

Each packet of Pro Vitality includes both bio-active and whole food derived daily nutrition for lifelong health and vitality from whole grains, fruits & vegetables, fish and vitamins & minerals.*

Tre-En-En® Grain Concentrates

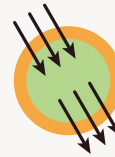

Feed Your Cells – Enhance Your Energy*

Tre-en-en is the world's first whole grain and legume lipids and sterols supplement to enhance energy and vitality by optimizing cellular nutrition.*

Unhealthy cell

Nutrients can't get in,
waste can't get out

Healthy cell with Tre-En-En®

Nutrients get in,
waste gets out*

Carotenoid Complex™

Protect Your Cells – Optimize Your Immunity*

With the protective power of carotenoids sourced from tomatoes, carrots, spinach, red bell peppers, strawberries, apricots and peaches, this formula is one of the world's first whole food-derived supplements to boost your immune capacity and power and support a healthy heart.*

Omega-3 Plus

Balance & Regulate Your Cells– Maximize Good Health*

An ultra pure high potency fish oil, complete with standardized amounts of eight omega-3s to support heart and cardiovascular health.* Screened for over 200 potential contaminants to ensure purity.

Proprietary "molecular differentiation" process

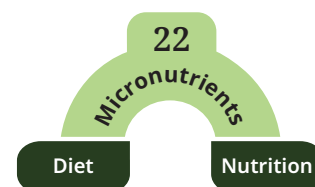

**Concentrates 8 beneficial omega-3s in
high potency**

Essential Vitamin & Mineral Complex

Nourish Your Cells – More Than Just A Multi

Based on over 65+ years of nutritional expertise with Formula IV®, this proprietary blend of 22 essential vitamins and minerals helps bridge the dietary gap prevalent in many of today's diets. Includes plant-sourced enzymes to support healthy digestion.*

Vitamins and minerals bridge the dietary gap,
plus phytoenzymes to support digestion*

Nutrición Diaria Potente y Completa

- Fito-lípidos y fitoesteroles para la salud de las membranas celulares*
- Antioxidantes carotenoides para fortalecer el sistema inmunológico*
- Dosis potente de Omega-3 para el bienestar general*
- Amplio espectro de vitaminas y minerales esenciales

#3145 - 30 Paquetes

Cada sobre diario proporciona una dosis potente de omega-3, antioxidantes carotenoides, fito-lípidos y fitoesteroles, además de vitaminas y minerales para la energía celular y una salud duradera.

- Incluye nutrición bioactiva y derivada de alimentos integrales para fortalecer la base perfecta de salud y vitalidad para toda la vida.*
- Cuatro productos poderosos en un práctico sobre diario — con Tre-en-en®, Carotenoid Complex™, Omega-3 Plus y el exclusivo Complejo Esencial de Vitaminas y Minerales, disponible únicamente en Pro Vitality.
- Con 22 vitaminas y minerales esenciales, lípidos y esteroides de granos y legumbres, carotenoides de frutas y vegetales, y ácidos grasos omega-3 de pescado 100% salvaje.
- Cada sobre proporciona nutrientes potentes que apoyan:
 - Salud celular para una energía abundante*
 - Potente protección antioxidante*
 - Fortaleza inmunológica óptima*
 - Salud del corazón y el cerebro*
 - Articulaciones flexibles y saludables*
 - Salud visual*
 - Piel, cabello y uñas juveniles*
 - Envejecimiento saludable*
- Pro Vitality es el suplemento central para una nutrición saludable—sin importar cuáles sean tus objetivos de bienestar.*

Nuestra Dieta Impacta Nuestra Salud y Vitalidad

Las principales autoridades mundiales en salud, como la Organización Mundial de la Salud, los Centros para el Control y

la Prevención de Enfermedades, la Asociación Americana del Corazón, el Instituto Nacional del Cáncer y la Asociación Americana de la Diabetes, coinciden en que la clave para promover la salud es consumir una dieta rica en nutrientes que incluya granos integrales, frutas y verduras, y pescado.

- Casi el 90% de los estadounidenses no cumple con la recomendación de consumo de vegetales, y aproximadamente el 80% no alcanza la recomendación para frutas.¹
- Los alimentos ultraprocesados representan el 57% de las calorías consumidas en la dieta típica estadounidense.²
- El 98% de los estadounidenses no cumple con las recomendaciones de consumo de granos integrales, pero la mayoría excede los límites de consumo de granos refinados.¹
- Los lípidos y esteroides protectores han sido eliminados de los granos integrales para extender su vida útil.
- Muchas personas no consumen pescado debido a preocupaciones por la presencia de metales pesados y contaminantes.
- La mayoría de las personas está por debajo de los niveles promedio requeridos para algunas vitaminas y minerales básicos y esenciales.

Una Buena Nutrición Puede Optimizar la Salud

- Todos deberían aumentar el consumo de alimentos integrales, frutas y verduras, y alimentos ricos en ácidos grasos omega-3 — y mantener un peso saludable.
- Pero incluso quienes tienen buenas intenciones de llevar una dieta saludable enfrentan desafíos. Los estilos de vida ajetreados, comer fuera de casa y la prevalencia de alimentos procesados contribuyen a brechas nutricionales que pueden beneficiarse del uso de suplementos nutricionales.

#0125

ELEVATE

Elevate is a delicious nootropic energy drink carefully formulated with ingredients to boost physical energy, improve mental focus, and support balanced mood, all while hydrating the body.*

#3865 - 30 sticks

- **200 mg Patented, Pure L-Theanine.** Clinically researched Suntheanine®† is shown to:
 - Enhance cognitive function*
 - Promote concentration*
 - Support mental calmness*
- **120 mg naturally sourced Caffeine from Green Tea.** Caffeine has been clinically shown to:
 - Improve working memory and alertness*
 - Boost physical energy*
- **Electrolyte Minerals** support optimal hydration.*
 - Magnesium, calcium, potassium, and sodium help replace electrolytes lost through bodily fluids.*
- Carefully selected **Vitamins.**
 - Vitamin B₆ helps convert food into energy and synthesize neurotransmitters involved in regulating mood and emotion.*
 - Vitamin B₁₂ is involved in the formation of red blood cells, which carry oxygen throughout the body.*
 - Folic Acid is essential for brain development and healthy brain function.*
 - Vitamin C plays important roles in energy production and immune function.*
 - Vitamin D is critical for normal muscle function, a healthy immune system and helps in muscle regeneration, repair, strength, and power.*
- **L-Taurine** – Plays a vital role in energy metabolism, supports a healthy cardiovascular system, and may help improve endurance levels.*
- **Glycine** – Helps protect muscle mass and supports healthy immune function and inflammatory responses.*
- **Choline** – Precursor to acetylcholine which is important for learning, memory, mood, and muscle control.
- **Inositol** – Involved in energy production and helps support normal neurotransmitter function.*
- **Naturally flavored and sweetened.** Delicious fruit flavors.
- **Convenient single-serve packaging.** Each box contains 30 on-the-go sticks of pre-measured powder that dissolves in water. These stick packs can fit in your bags, purses and even your pockets. More environmentally friendly than standard plastic packaging.
- **Zero grams of sugar**
- **Only 10 calories and 2g of carbohydrates per serving**
- **No artificial colors, flavors, sweeteners, or preservatives added**
- **GMO Free, Gluten Free, Vegetarian**

In the simplest terms, energy is the ability to do work. Our bodies need a constant supply of energy for both the physical and mental work our daily lives require. When we're low on energy, we feel tired and fatigued and may experience slowed reaction times and trouble concentrating. Sometimes we just need a pick-me-up to boost our energy levels. Energy drinks are a popular way to stimulate energy and power through the rest of the day.

Go Beyond a Simple Energy Drink

- Energy drinks contain stimulants, like caffeine, which boost energy. Many energy drinks only target physical energy, but a well formulated energy drink can also enhance mental alertness and cognitive function.
- Nootropics are substances that heighten mental energy and focus while supporting overall cognitive health. L-theanine is a nootropic ingredient that is found in tea, especially green tea. Clinical studies have found that L-theanine and caffeine together have a synergistic effect and improve scores on tests of attention, accuracy, reaction time, and memory. This suggests that caffeine and L-theanine work together to support healthy cognitive function.
- L-theanine has been clinically shown to promote calmness and a relaxed state of mind. Preliminary research suggests that L-theanine may help ease some psychological and physical aspects of everyday stress, including occasional anxiety and tension.
- Electrolyte minerals, like magnesium, potassium, and sodium, play key roles in maintaining fluid balance, blood pH, muscle function, and more. Our bodies constantly lose fluid and electrolytes through sweat, respiration, urination, and excretion. Fluids and electrolyte minerals need to be frequently replenished to make up for losses and maintain a healthy fluid balance.

DIRECTIONS: Mix contents of 1 stick pack (5 g) in 8 fl. oz water. For best results, drink immediately.

†Suntheanine® es una marca registrada de Taiyo International, Inc.

En los términos más sencillos, la energía es la capacidad de realizar un trabajo. Nuestro cuerpo necesita un suministro constante de energía tanto para el trabajo físico como mental que requiere nuestra vida diaria. Cuando tenemos la energía baja, nos sentimos cansados y fatigados y podemos experimentar tiempos de reacción lentos y problemas de concentración. A veces solo necesitamos un estimulante para subir nuestros niveles de energía. Las bebidas energéticas son una forma muy popular de estimular la energía y aguantar el resto del día.

Ve Más Allá de Una Simple Bebida Energética

- Las bebidas energéticas contienen estimulantes, como la cafeína, que aumentan la energía. Muchas bebidas energéticas solo se dirigen a la energía física, pero una bebida energética bien formulada también puede mejorar la agudeza mental y la función cognitiva.
- Los nootrópicos son sustancias que aumentan la energía mental y la concentración, al tiempo que favorecen la salud cognitiva general. La L-teanina es un ingrediente nootrópico que se encuentra en el té, especialmente en el té verde. Los estudios clínicos han descubierto que la L-teanina y la cafeína juntas tienen un efecto sinérgico y mejoran las puntuaciones en las pruebas de atención, precisión, tiempo de reacción y memoria. Esto sugiere que la cafeína y la L-teanina trabajan juntas para favorecer una función cognitiva saludable.
- Se ha demostrado clínicamente que la L-teanina favorece la calma y un estado mental relajado. Las investigaciones preliminares sugieren que la L-teanina puede ayudar a aliviar algunos aspectos psicológicos y físicos del estrés cotidiano, como la ansiedad y la tensión ocasionales.
- Los minerales electrolíticos, como el magnesio, el potasio y el sodio, desempeñan papeles clave en el mantenimiento del equilibrio de los fluidos, el pH sanguíneo, la función muscular y mucho más. Nuestro cuerpo pierde constantemente fluidos y electrolitos a través del sudor, la respiración, la orina y la excreción. Los fluidos y los minerales electrolíticos deben reponerse con frecuencia para compensar las pérdidas y mantener un equilibrio de líquidos saludable.

DIRECTIONS: Mix contents of 1 stick pack (5 g) in 8 fl. oz water. For best results, drink immediately.

Supplement Facts		
Serving Size: 1 Stick Pack (5 g)		
Servings Per Container: 30		
	Amount Per Serving	% Daily Value

NeoLifeShake®

The quality of the Standard American Diet (S.A.D.), often referred to as the Western diet, has dramatically declined. We are no longer getting the right balance of macronutrients (protein, fat and carbohydrate), micronutrients (vitamins and minerals), nor the fiber, phytonutrients, and antioxidants our bodies need every day to maintain and promote health. For example, although we are getting more than enough protein in our diets, we are getting it from animal and dairy products which are laden with fat and cholesterol. Our daily protein intake is also skewed towards our evening meal rather than being evenly distributed throughout the day which is ideal.

Support a Healthy Lifestyle with Wholesome, Balanced Nutrition

- Protein is a key component of every cell in our body and essential for cellular nutrition and energy. Studies show that higher protein diets help suppress hunger, increase satiety and burn fat, thereby helping to promote weight loss and making it easier to stay on a weight loss program.
- Wholesome, balanced nutrition and an active lifestyle can also support weight management success.
- Getting all of our essential vitamins and minerals is vital to the proper functioning of our immune and nervous systems, and keeping us healthy and radiant. The right balance of macronutrients and micronutrients will help keep your body functioning optimally.

Our Solution: NeoLifeShake for Daily Nutrition & Weight Management

- **Wholesome, complete nutrition.** An ideal protein shake for daily nutrition or weight management. Enjoy NeoLifeShake and Pro Vitality in the morning for a nutritious and delicious breakfast that provides quick and lasting energy and optimal cellular nutrition.*
- Based on our scientifically developed **Glycemic Response Control Technology** to help minimize fat storage and promote fat burning.
- **Rich source of protein** with 18g per serving—36% of the Daily Value.

- **Proprietary Protein Blend** – Scientifically advanced protein blend from soy, milk, caseinates, and whey for superior amino acid profile. Highest PDCAAs possible. PDCAAs is a rating of protein quality.
- With **muscle-retaining** branched chain amino acids, including **leucine**.
- **Biologically complete** with 22 amino acids including all 9 essential ones.
- **Good source of fiber** with 5g per serving—18% of the Daily Value.
- **Proprietary Fiber Blend** derived from whole food sources to promote satiety, normal digestion, and heart health.
- **Formulated with “glycemic edge” carbohydrates** that provide lasting energy and encourage your body to stay in fat-burning mode.
- **Three delicious flavors:** Creamy Vanilla, Berries N' Cream, and Rich Chocolate.
- **140 calories.**
- **No synthetic colors, flavors or preservatives added.**

NeoLifeShake®

NeoLife Exclusives

- **Protogard Process** – Protects amino acids, maximizes nutritional value.
- **Multi Enzyme Blend** – Plant derived enzymes to support digestion.
- **Neo-Plex Concentrate** – Vitamin C and whole food derived antioxidants including citrus bioflavonoids.
- **Choline & Inositol** – Lipotropic factors important for fat metabolism.
- **Metabolically balanced** – Ideal protein, carbohydrate, and fat ratio.
- **25 essential Vitamins & Minerals.**
- **Convenient and versatile** - Mixes easily in water or milk.

Diets low in saturated fats and cholesterol that include 25 grams of soy protein a day may reduce the risk of heart disease. One serving of NeoLifeShake provides 13 grams of soy protein.

La calidad de la Dieta Estándar Americana (S.A.D. Standard American Diet), a menudo denominada dieta occidental, ha disminuido drásticamente. Ya no obtenemos el equilibrio adecuado de macronutrientes (proteínas, grasas e hidratos de carbono), micronutrientes (vitaminas y minerales), ni la fibra, fitonutrientes y antioxidantes que nuestro cuerpo necesita cada día para mantener y promover la salud. Por ejemplo, aunque obtenemos proteínas más que suficientes en nuestra dieta, las obtenemos de productos animales y lácteos, que están cargados de grasa y colesterol. Nuestra ingesta diaria de proteínas también está orientada hacia la cena, en lugar de distribuirse uniformemente a lo largo del día, que es lo ideal.

Apoya un Estilo de Vida Saludable con una Nutrición Sana y Equilibrada

- Las proteínas son un componente clave de todas las células de nuestro cuerpo y son esenciales para la nutrición y la energía celular. Los estudios demuestran que las dietas más ricas en proteínas ayudan a suprimir el hambre, aumentan la saciedad y queman grasa, contribuyendo así a promover la pérdida de peso y facilitando la permanencia en un programa de adelgazamiento.
- Una alimentación sana y equilibrada y un estilo de vida activo también pueden contribuir al éxito del control del peso.
- Obtener todas las vitaminas y minerales esenciales es vital para el buen funcionamiento de nuestros sistemas inmunitario y nervioso, y para mantenernos sanos y radiantes. El equilibrio adecuado de macronutrientes y micronutrientes ayudará a mantener el funcionamiento óptimo de su organismo.

Nuestra solución: NeoLifeShake para la Nutrición Diaria y el Control del Peso

- Nutrición sana y completa.** Un batido de proteínas ideal para la nutrición diaria o el control del peso. Disfrute de NeoLifeShake y Pro Vitality por la mañana para un desayuno nutritivo y delicioso que brinda energía rápida y duradera y una nutrición celular óptima.*
- Basada en nuestra **Tecnología de control de la respuesta glucémica** científicamente desarrollada para ayudar a minimizar el almacenamiento de grasa y promover su quema.
- Rica fuente de proteínas** con 18 g por ración: 36 % del valor diario.

- Mezcla proteica patentada:** mezcla proteica científicamente avanzada de soja, leche, caseinatos y suero para un perfil superior de aminoácidos. Las PDCAA más altas posibles. Las PDCAA son una clasificación de la calidad de las proteínas.
- Con aminoácidos de cadena ramificada que **retienen el músculo**, incluida la leucina.
- Biológicamente completa** con 22 aminoácidos, incluidos los 9 esenciales.
- Buena fuente de fibra** con 5 g por ración: 18 % del valor diario.
- Mezcla patentada de fibra** derivada de fuentes de alimentos integrales para favorecer la saciedad, la digestión normal y la salud del corazón.
- Formulado con hidratos de carbono de "borde glucémico"** que proporcionan energía duradera y animan al cuerpo a mantenerse en modo quemagrasa.
- Tres deliciosos sabores:** Vainilla cremosa, Bayas con nata y Chocolate rico.
- 140 calorías.**

NeoLifeShake®

Exclusivos NeoLife

- **Proceso Protogard** - protege los aminoácidos, maximiza el valor nutricional.
- **Mezcla multienzimática** - enzimas derivadas de plantas para favorecer la digestión.
- **Concentrado Neo-Plex** - vitamina C y antioxidantes derivados de alimentos enteros, incluidos los bioflavonoides cítricos.
- **Colina e Inositol** - factores lipotrópicos importantes para el metabolismo de las grasas.
- **Metabólicamente equilibrada** - proporción ideal de proteínas, hidratos de carbono y grasas.
- **25 vitaminas y minerales esenciales.**
- **Cómoda y versátil** - se mezcla fácilmente en agua o leche.

INTELIGENTE
PARA EL CORAZÓN

Las dietas bajas en grasas saturadas y colesterol que incluyen 25 gramos de proteína de soja al día pueden reducir el riesgo de enfermedades cardíacas. Una ración de NeoLifeShake aporta 13 gramos de proteína de soja.

Precision Fuel for Strength, Endurance, and Recovery

- **MuscleMatch™ Protein Blend** formulated to match the needs of lean muscle for maximum building efficiency.
- **Biologically Complete** with all nine essential amino acids including BCAAs to support energy, stamina, and recovery.
- **Exclusive Protogard Process™** protects protein integrity for maximum effectiveness.

Performance Protein delivers complete protein, matching the needs of lean muscle with key nutrients to fuel strength, stamina, and endurance. Powered by Neolife's exclusive MuscleMatch™ Protein Blend and Protogard Process™, it's precision-engineered to support every phase of your workout—from building and retention to peak performance and faster recovery.

- **Energy & Recovery:** Controlled Glycemic Response for immediate and sustained energy
- **Muscle Strength & Recovery:** 18g of protein per serving, including leucine and other BCAAs
- Naturally sweetened with honey, fruit juice powders, and stevia—no artificial sweeteners or synthetic flavors
- **Whole-Body Nutrition:** 25 essential vitamins and minerals, plus fiber for heart and digestive health
- Neolife Fiber Blend for digestive support
- Neo-Plex Concentrate with vitamin C and whole-food derived antioxidants

- Lipotropic factors (choline and inositol) to support fat utilization
- Plant-derived Enzyme Blend to support digestion
- Delicious mild vanilla flavor—perfect for mixing with milk or blending with fruits and berries
- GMO-free, gluten-free, and made without artificial sweeteners, synthetic colors or flavors
- Free of substances currently banned by NCAA, IOC, and WADA

The Power of Precision Nutrition

Engineered for athletes and active individuals, Neolife Performance Protein supports your body's ability to adapt to exercise stress, enhance recovery, and maximize strength. With every serving, you get the precise fuel needed to push harder and bounce back faster.

Combustible de Precisión para Fuerza, Resistencia y Recuperación

- **La mezcla de proteínas MuscleMatch™** está formulada para satisfacer las necesidades del músculo magro, maximizando su eficiencia en el desarrollo muscular.
- **Biológicamente completa** con los nueve aminoácidos esenciales, incluyendo BCAAs, para apoyar la energía, la resistencia y la recuperación.
- **El exclusivo Protogard Process™** protege la integridad de la proteína para lograr la máxima efectividad.

Performance Protein ofrece proteína completa, alineada con las necesidades del músculo magro y enriquecida con nutrientes clave para alimentar la fuerza, la resistencia y la energía. Impulsada por la exclusiva mezcla de proteínas MuscleMatch™ y el Proceso Protogard™, está diseñada con precisión para respaldar todas las fases de su entrenamiento: desde el desarrollo y mantenimiento muscular hasta el rendimiento máximo y la recuperación acelerada.

- **Energía y Recuperación:** Respuesta glucémica controlada para energía inmediata y sostenida
- **Fuerza Muscular y Recuperación:** 18 g de proteína por porción, incluyendo leucina y otros BCAAs
- Endulzada naturalmente con miel, polvos de jugo de fruta y stevia—sin endulzantes artificiales ni sabores sintéticos
- **Nutrición Integral:** 25 vitaminas y minerales esenciales, además de fibra para la salud cardiovascular y digestiva
- **Mezcla de Fibras Neolife** para apoyo digestivo
- **Concentrado Neo-Plex** con vitamina C y antioxidantes derivados de alimentos integrales

- Factores lipotrópicos (colina e inositol) para apoyar la utilización de grasas
- Mezcla de Enzimas Derivadas de Plantas para facilitar la digestión
- Delicioso sabor vainilla suave—perfecto para mezclar con leche o batir con frutas y bayas
- Libre de OGM, sin gluten, y sin endulzantes artificiales ni colorantes o sabores sintéticos
- Libre de sustancias actualmente prohibidas por la NCAA, COI y AMA

El Poder de la Nutrición de Precisión

Diseñada para atletas y personas activas, Neolife Performance Protein apoya la capacidad del cuerpo para adaptarse al esfuerzo físico, mejorar la recuperación y maximizar la fuerza. Con cada porción, obtiene el combustible preciso para esforzarse más... y recuperarse más rápido.
