

FORMULA IV[®] PLUS

Scientists continue to confirm, there's more to nutrition than just the classic vitamins and minerals. As important as these nutrients are to optimal health, we're also learning that phytonutrients, enzymes, trace minerals and others play equally important roles. Formula IV[®] Plus was the first multifactor food supplement to provide vitamins, minerals, enzymes, and phytonutrients, such as important lipids and sterols. Formula IV Plus is an Iron Free formulation that provides vitamin and mineral support, including 100% of the daily value for zinc. Formula IV Plus also provides Tre-en-en[®] Grain Concentrates, which have provided people throughout the world with decades of nutritional assurance.*

Why Food Supplements?

- The human body requires a wide variety of nutrients to be its healthy best.
- Many diets do not provide the density or diversity of nutrients needed to assure optimal health.
- Many modern diets rely on processed staple foods which have been stripped of nutrients, especially lipids and sterols. Other "modern" foods lack important trace minerals due to over-processing.

Our Solution: Formula IV Plus

- Broad-spectrum supplementation: Key vitamins, minerals (including 100% of the DV for zinc), enzymes and lipids/sterols all work together to bridge dietary gaps.
- Phyto Enzyme Blend: Exclusive plant-sourced enzymes support easy digestion and absorption of supplemented nutrients.*
- Contains a full serving, 675 mg, of **Tre-en-en Grain Concentrates** from wheat germ, rice bran, and soybeans, all rich sources of essential lipids and sterols.
- Strengthens the function of all "links" in the "**Chain of Life**", by providing lipids and sterols, vitamins, minerals, and enzymes, and by providing key nutrients for the body's digestion, synthesis and utilization of protein, and the body's utilization of carbohydrates for energy.*
- Tre-en-en **works in synergy** with the vitamins, minerals and other nutrients in the product, and has been scientifically proven to support efficient utilization of nutrients.*
- **IRON FREE**, for those who already obtain sufficient iron in their diet.
- Available in **individual packets** for take-anywhere convenience.
- **Preservative-free.**
- Replaces trace minerals food processing strips away: Selenium, chromium and molybdenum.

SUGGESTED USE: 1 packet daily with meals.
