

NUTRISHAKE

The quality of what is often referred to as the Western diet, has dramatically declined in recent years. It is likely that we are no longer getting the right balance and quality of nutrients needed to comply with what is considered a balanced diet. For example, although we may be getting enough protein in our diets, we are getting it from animal and dairy products that are laden with fat and cholesterol. What we need is a high protein food source that is low in fat and cholesterol.

Support a Healthy Lifestyle with wholesome, nourishing nutrition

- Protein is a key component of every cell in our body and essential for cellular nutrition. Receiving high quality protein with all the 22 amino acids involved in human nutrition ensures that the daily supply of protein is met without the concern of too much fat and cholesterol.
- Ensuring the availability of essential vitamins, selected minerals and other nutrient factors supports the proper functioning of the many different systems of the body and helps keep us healthy and radiant.

Why NeoLife's Nutrishake?

- **Wholesome nutrition** - Nutrishake in the mornings provides sustained energy to avoid a midmorning slump. In the afternoon, it's a nourishing midday or after school snack to replace high kilojoule sweets and snacks.
- **Each Serving** - provides 10 grams of high quality protein
- **Biologically complete** - with all 22 amino acids involved in human nutrition, which includes the 9 essential amino acids.
- **Formulated with glycaemic edge carbohydrates** – to provide lasting energy

- **Low allergy potential** - wheat free, corn free, low lactose.
- **No genetically modified (GMO) ingredients.**
- **Three delicious flavours** - Chocolate, Strawberry and Vanilla.
- **Convenient and versatile** - mixes with milk or fruit juice and/or whole fruit for delicious, frothy shakes.

NeoLife Exclusives

- **Proprietary Blend** - Scientifically advanced protein blend from soya, milk, caseinates, and whey for superior amino acid profile.
- **Protogard Process** - protects amino acids and maximises nutritional value.
- **Enzyme Blend** - plant derived enzymes support easy digestion.
- **Broad Spectrum Nutrients** - including Vitamins A & D, complete B-complex vitamins, Vitamin C and E as well as minerals Calcium and Phosphorous.
