WHY MBA?

As opportunities grow and markets expand, the need for qualified and capable people in the management cadre keeps growing. If someone is looking at a rewarding corporate career, an MBA degree from a top B-School is the ticket.

- **Faster growth** and a rewarding career path
- **High-paying jobs** and an upper-hand in international jobs
- **A new world of opportunities** for students from streams with limited options and/or salaries
- **'Start-up' booster** for aspiring entrepreneurs looking for credibility

**GET AHEAD.
GET AN MBA.**

- **For Faster growth:** Executives often realize, after working for a couple of years, that an MBA degree is a must-have for faster growth. Chances of those with an MBA bypassing others are very very high.
- **High-Paying jobs:** Those fresh out of college also get access to high-paying jobs, an increased level of job security and a jump start to their career path. Many get placed internationally too.
- **World of opportunities:** For students hailing from academic backgrounds that don't guarantee good job prospects or salaries, an MBA degree could make all the difference by opening up a world of opportunities.
- **'Start-up' Booster:** Aspiring entrepreneurs find that credibility, financial backing, networking and ideation come easier with an MBA, which can also serve as a launch pad for their ideas as well as a fall-back option.

Management exams - What do they test?

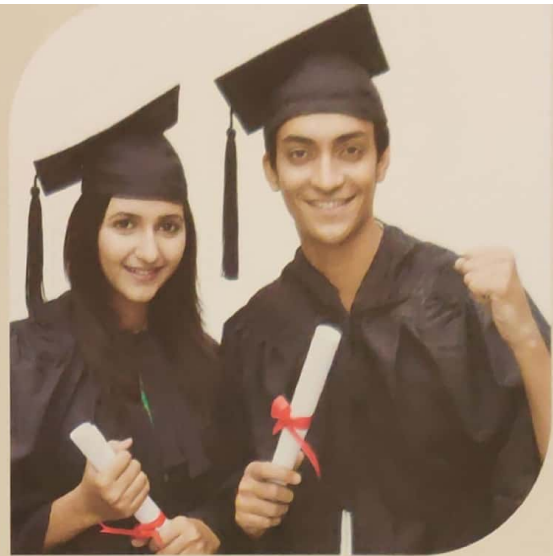

The selection process generally consists of two stages:

- 1) • Written Examination of about 2-3 hours duration
 - Multiple Choice and Fill-in-the-Blank Questions with negative marking
 - Areas tested - Verbal Ability, Reading Comprehension, Logical Reasoning, Quantitative Ability, Data Interpretation, General Knowledge (GK is tested in exams like XAT, SNAP, IIFT, TISSNET, CMAT etc. CAT doesn't test GK)
- 2) Group Discussion (GD), Written Ability Test (WAT) and Personal Interview (PI).

Most B-Schools shortlist applicants after the written test. Selected candidates will then face the Group Discussion/Written Ability Test and Personal Interview Rounds. Some B-Schools also use other tools like Group Tasks, Case Studies, Extempore and Group Interviews to assess knowledge, communication skills and managerial skills, and to check confidence levels and attitude of the applicants.

HOW DO YOU GET INTO INDIA'S TOP B-SCHOOLS?

Admission into around 140 management institutes, including the IIMs, is based on the Common Admission Test (CAT) conducted by the IIMs. This makes CAT the Holy Grail for every MBA aspirant.

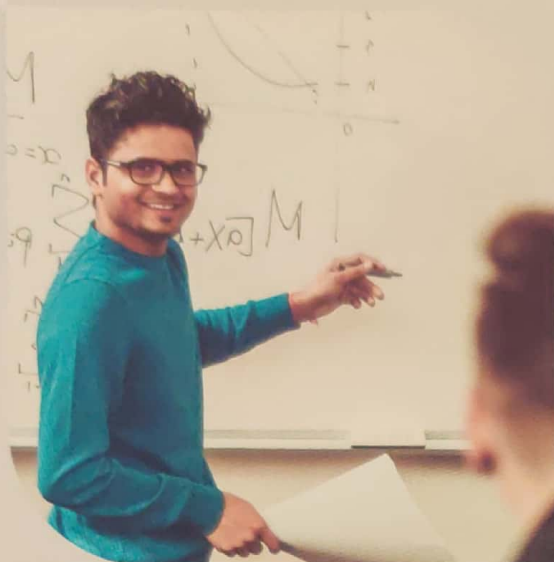

CRACKING THE CAT

- All leading institutes shortlist candidates based on CAT scores
- Some conduct their own admission tests like XAT, SNAP, NMAT, CMAT, MAT

B-Schools may use the scores of more than one entrance test to shortlist candidates. Some of the major entrance tests are:

- **Common Admission Test (CAT):** This is conducted by the IIMs. Prominent B-Schools that accept the CAT score include the 20 IIMs, FMS - Delhi, MDI - Gurgaon, SP Jain - Mumbai, National Institute of Industrial Engineering (NITIE) - Mumbai, Schools of Management (SoMs) at IIT - Delhi, Mumbai, Chennai, Kharagpur, Kanpur and Roorkee, MICA, IMT - Ghaziabad, etc.
- **Xavier Aptitude Test (XAT):** Conducted by XLRI. The XAT score is accepted by XLRI-Jamshedpur, Xavier Institute of Management (XIMB) - Bhubaneswar, Goa Institute of Management (GIM), SP Jain, etc.
- **Symbiosis National Aptitude Test (SNAP):** Conducted and accepted by the Symbiosis Group of Institutes including Symbiosis Institute of Business Management (SIBM), Symbiosis Centre of Management & Human Resources Development (SCMHRD), Symbiosis Institute of International Business (SIIB), Symbiosis Institute of Telecom Management (SITM), Symbiosis Institute of Management Studies (SIMS), etc.
- **NMAT by GMAC:** Conducted by GMAC and scores accepted by NMIMS Mumbai / Hyderabad / Bangalore, XIMB, IBS, etc.
- **Common Management Admission Test (CMAT):** Conducted by All-India Council of Technical Education (AICTE).
- **Management Aptitude Test (MAT):** Conducted by All-India Management Association (AIMA). A large number of B-Schools across the country accept this test score.
- Some B-Schools conduct their own tests, viz. IIFT Entrance Test for Indian Institute of Foreign Trade - New Delhi, Kolkata, Kakinada; TISSNET for Tata Institute of Social Sciences; MICAT for MICA and IBSAT for ICFAI Group of Business Schools, etc.

Frequently Asked Questions

**WHY? HOW? WHERE?
WHEN?**

- **Eligibility:** Bachelor's degree or those appearing for final year of Bachelor's degree
- **Salary:** An MBA from a top B-School could earn you 20-25 LPA.

Facing the CAT: FAQs

Q. What are the eligibility criteria for CAT?

A. Following was the criteria released for CAT 2018:

- Bachelor's Degree, with at least 50% marks or equivalent CGPA [45% in case of candidates belonging to SC, ST, PWD categories]
- Candidates appearing for the final year of Bachelor's Degree/ equivalent qualification examination and those who completed degree requirements and are awaiting results could also apply.

Q. What criteria should you seek to find a trusted and effective CAT training institute?

A. We encourage you to dig deep into the claims of the organisations that you are considering. Newspapers are full of tall, often misleading claims and inflated admission numbers achieved. We advise students to ask questions, find out the details and really know an institution's reputation.

Q. You say that 2525 T.I.M.E. students have made it through CAT 2017 and they secured 10,948 final selections to 17 IIMs for which the results are publicly available. What does this mean?

A. A large number of students get final selections into more than one IIM. If you count the number of final selections secured by T.I.M.E. students in the 17 IIMs in 2017, it adds up to 10,948. However, this number was achieved by 2525 students!

Do not get confused between 'calls' and 'selections'. 'Calls' is a term used to indicate short-lists for the GD / PI round. What really matters is the 'final selection' into the IIMs.

Q. What is the pattern of CAT?

- A. • CAT pattern is not fixed and may change from year to year.
- A broad outline of the pattern is announced in July-Aug. Additional details may be made available in due course by the CAT authorities.

- For CAT 2018, the notification announced three sections of 60 minutes each - Verbal Ability, Reading Comprehension (Section 1), Logical Reasoning, Data Interpretation (Section 2), Quantitative Ability (Section 3).

- The number of questions in each section was not disclosed.

- In case of multiple choice questions, the candidates were awarded 3 marks for a right answer, and penalized with 1 mark for a wrong attempt. In case of non-multiple choice questions, the candidates were awarded 3 marks for a right answer and there was no penalty for wrong attempts.

- With the pattern and content of the exam liable to change, it is very important for the students to use the latest material for their preparation.

Q. What kind of salary can I expect on graduating from a top B-School?

- Salaries on campus depends on the academic performance (during MBA) and the candidate's profile. The average salary figures of top-rung schools like IIM-A / IIM-B / IIM-C / IIM-L / XLRI / FMS / SP Jain, etc. can be in the range ₹20 to ₹25 lakhs per annum.

Even at around 80%ile (40,000 to 50,000 rank) one could get into an institute that would fetch a job offering of ₹9 to ₹10 lakhs per annum.

- The most important thing to remember is that an MBA from a decent B-School would invariably spike your earning potential. All you need to do is gain admission into the right B-School.

Q. What is the weightage given to the factors within a candidate's control i.e., CAT, GD, WAT & PI?

- A. Most IIMs have at least 70% weightage assigned to the above parameters. Academics are not always as critical. Similarly, not possessing work experience should not be a cause of worry as a good chunk of students at the top most B-Schools are freshers.

WHY T.I.M.E.'S CLASSROOMS ARE YOUR STEPPING STONE TO SUCCESS

We provide the latest content and study material best suited to prepare for the varying pattern of CAT.

THE TRUSTED DESTINATION OF MBA ASPIRANTS

Q. Is it really better to first get a few years of work experience and then prepare for CAT?

A. Sample a scenario: Ram is an engineering student in the final year of college who has been selected by a leading IT firm in the country. He is really confused if he should attempt the CAT now or get two years of experience first and then attempt it. Now consider the following:

	Work Exp. & then MBA		MBA & then Work Exp.	
Year 1	(+) ₹4 L	Pre MBA Salary	(-) ₹7 L	B-School Fee
Year 2	(+) ₹4.4 L*		(-) ₹7 L	
Year 3	(-) ₹7 L	B-School Fee	(+) ₹12 L	Post MBA Salary
Year 4	(-) ₹7 L		(+) ₹13.2 L*	
Total	(-) ₹5.6 L		(+) ₹11.2 L	

*Assuming a 10% hike in salary

- Assuming the fee of the college he would get into two years later does not go up, he is effectively choosing between making ₹8.4 lakhs in 2 years and then doing an MBA or doing an MBA first, making ₹25.2 lakhs in two years. Clearly he would have earned ₹16.8 lakhs more if he went for an MBA first.
- The fee for the B-School has been assumed to remain the same. It, however, is likely to go up with every passing year.
- For a job promotions, his work experience as an MBA would be more relevant and valuable.
- If he wrote the CAT as a fresher and things did not go his way, he can always attempt it a second time.
- With a job, it would be difficult for him to start his preparation for an entrance test, as his job wouldn't leave him with much time. If he has prepared earlier, he can definitely find time to brush up his concepts but not otherwise.

- If we look at the weightage given to work experience in the IIMs, it's not more than 10% for most of the IIMs. So, it's not as much of a difference as it is hyped to be.
- Even during the placements at a B-School, the added incentive for every year of work-experience is not much in monetary terms.

Q. Is it necessary to choose MBA Specialization at the time of application itself?

A. No, in most cases it is not required. Most management institutes offer General Management courses. In this kind of a course, a student learns the basics of all functional areas, viz. Marketing, Finance, Human Resources, Systems and Operations during the first year. In the second year there is an option of choosing subjects depending on one's area of interest.

Q. What is the difference between MBA and PGPM/PGDM?

A. When an institute is an autonomous body (meaning it is not affiliated to any university) and conducts management courses, then such an Institute cannot offer an MBA degree. Instead, it awards a Post-Graduate Diploma in Management (PGDM) or a Post-Graduate Diploma in Business Administration (PGDBA). Only universities (foreign or Indian) can grant MBA degrees. The IIMs, XLRI, etc. offer only a diploma.

However, students are advised to bear in mind that the value of the management course pursued by them does not depend on whether it is a 'Degree' or a 'Diploma', rather it depends on the reputation and standing of the institute that is offering the Degree or Diploma.

*The cabinet has approved a bill which will empower the IIMs to award degrees instead of diplomas. The bill is yet to get approval of Parliament.
