We Give Wings To Your Dreams

IMFS
A K.P. Singh Foundation

A FOREWORD BY THE CEO

The Institute of Management & Foreign Studies (IMFS) was founded in 1987 with a vision to provide Indian students an opportunity to study abroad at the finest international institutions. Unlike today, in 1987 that meant only one destination; America! And an entry into the highly venerated universities in this Mecca of learning required students to fulfill many requirements, one being a great score in entrance examinations like the GRE® (Graduate Record Examination) / GMAT® (Graduate Management Aptitude Test) / SAT (Scholastic Aptitude® Test) / TOEFL and IELTS. Over the last 19 years, IMFS has helped numerous students find their dreams in foreign lands by helping them examine opportunities globally - from options not only in America but also in Australia, UK, New Zealand, Canada, Singapore and the rest of Europe.

We invite you to our classes to come and join the IMFS family and undertake this journey of excellence with us! Come and experience our highly professional approach, which along with a personal rapport, results in a high level of motivation to do well and be counted among the best. Let us help you to achieve your dream of studying at the right university in the world! Trust the oldest and yet the most modern coaching institute in India for your quest in making a mark in the world!

K.P. Singh-CEO IMFS

AN INSIGHT ON INSTITUTE OF MANAGEMENT & FOREIGN STUDIES (IMFS)

IMFS is one of the first institutions in India to start professional coaching for the GRE/ GMAT/ SAT/ TOEFL/ IELTS and has since helped thousands of students to do well in these highly competitive examinations. In the year 2000, IMFS helped the first Indian student to get the "Full Score" in GRE. This feat was repeated in subsequent years and IMFS has helped 8 students score the "Full Score" in the GRE, a record unmatched by Test Prep institutions in the world.

The GRE is required for entry into any graduate program (MS or PhD) while the GMAT is needed for a graduate degree in management (MBA). SAT is needed to enter the undergraduate programs (BA) in the US. Thus, these entrance tests can be considered as something akin to the JEE one attempts, to enter the highly revered IITs in India.

Our students have done equally well in GMAT, securing scores in the high 700 on a regular basis. It goes without saying that we have achieved equally spectacular results in SAT! In fact, our scintillating results have only gotten better and brighter over the years; we find that the average scores of our toppers have gone up by 50 to 60 points! In retrospect, this phenomenon of students getting high scores can be attributed to many factors, one of which is the fact that our classes are conducted by a team of highly experienced and well trained faculty led by Mr. K. P. Singh. Our students are provided with highly evolved notes, practice test material, over 30 test papers, of which, they can take home 10 full length papers on the pen paper format and 10 on the CAT format. IMFS students have access to a well-equipped library, computer labs and a well-trained staff for solving queries related to studies abroad.

Of course, another requirement for entry into the MS/ MBA degrees requires the student to also do well in the TOEFL/ IELTS/ PTE. One needs to undergo these tests since one needs to prove one's proficiency in English, the medium of instruction in most universities in the West.

GRADUATE MANAGEMENT

APTITUDE TEST

GMAT

The Graduate Management Aptitude Test (GMAT) is attempted by students desirous of applying for admission to MBA or finance based graduate programs. The Computer Adaptive test (CAT) test includes Verbal, Quantitative, Integrated Reasoning and Analytical Writing questions. Data Sufficiency and Problem Solving questions are interspersed through the quantitative section. The verbal section comprises of Sentence Correction, Reading Comprehension and Critical Reasoning questions.

THE FOLLOWING CHART PROVIDES THE TIMING FOR EACH SECTION OF THE GMAT TEST:

Topics	Questions	Timings
Integrated Reasoning	12 Questions	30 minutes.
Analytical Writing		
Argument Essay	N.A.	30 minutes.
Optional Rest Break		5 minutes.
Quantitative Section	37 Questions	75 minutes.
Optional Rest Break		5 minutes.
Verbal Section	41 Questions	75 minutes.

HOW IS THE GMAT SCORED?

You will receive five scores for the GMAT: an overall scaled score ranging from 200 to 800; a math sub score ranging from 0 to 60; a verbal sub score ranging from 0 to 60; a score for the Analytical Writing Assessment ranging from 0 to 6 and a score for the IR section ranging from 1 to 8.

Students must attempt at least 20 simulated GMAT tests on pen-and-paper and 15 simulated digital GMAT tests in the IMFS premises, prior to attempting the GMAT.

Please peruse the various GMAT study books in our library and solve at least 40 tests to achieve desired results.

COURSE CONTENT

Study material for all sections, test papers for different sections and 20 Simulated GMAT Tests.

Course Duration: 11 weeks.

The GMAT® examination fee is \$250 payable via an International Credit Card online at www.mba.com or by calling** at +91 120 439 7830. The fee can also be paid via a \$ draft payable to Pearson VUE-GMAT along with the appointment scheduling form available at www.mba.com
