Fees:

OUR SUCCESS STORY

DHRUV MITTAL
UPSC CSE 2018
AIR 99

Dear Sir,

It is my huge privilege to be able to address this testimony to you. All of us know that optional is critical to clearing civil services exam. Your guidance regarding how to write geography answers, draw diagrams and sufficient case studies especially for paper II was highly useful for me for my optional preparation. I will always be thankful for your immense contribution in my success.

Dhruv Mittal,
CSE-2018 AIR - 99

Santosh Chaudhary
UPSC CSE 2018

When I met Professor Sir, my first words were, "Sir, I have no idea how to write a paragraph. I feel like I'm going to fail." But my teacher motivated me and became my right hand throughout the preparation journey.

His smart & integrated strategy, approach and unique writing guidance helped me crack UPSC. From just 1 hour of daily study, I could solve case studies, diagrams and answer all the questions in my answers.

So from his constant support and motivation.

Thank you Sir

Santosh Chaudhary
UPSC CSE 2018

Dean Shahid Ansari Sir, I want to thank you for your efforts which meanwhile helped me a lot in my preparation of UPSC. I met you when I lost my motivation towards UPSC & State PSC. But after meeting you & under your supervision I started again with new motivation. It helped me a lot in each and every aspect of my preparation. Answer writing, concept building & 24x7 availability & new here I got my new strategy & confidence.

Yours sincerely Vishal dubey

(AIR-1 UPSC CSE 2018)

The optional subject that you choose must be something you have a good command over. My subject was Mathematics because that was my area of interest and something that I excelled in. I would say that continuous practice is a must when it comes to prelims preparation.
