CAREER OPPORTUNITIES – Sterling, VA

Image Analytics Technical Lead (Ref #2006-C)

Toyon is seeking an engineer with R&D experience to participate in the leadership of R&D and new business development activities for image and video processing algorithms. Toyon applies deep learning and other signal processing algorithms in remote sensing, video-based tracking, low-shot classification, 3D reconstruction, and other application areas. Experience with proposal writing and/or project management is desired.

Candidates with a Bachelor's degree in engineering, computer science, physics, and/or mathematics is required. A M.S. or Ph.D. is preferred.

U.S. Citizenship is Required. Ability to qualify for a US Department of Defense security clearance required.
