

PARTNER WITH US

ADD VALUE • REDUCE WASTE • MAKE AN IMPACT

DOING THE MOST GOOD

Every year, nearly **85%** of clothes and shoes that are purchased in the US eventually make their way to landfills (US EPA).

By partnering with The Salvation Army and hosting a Donation Collection Bin, you and your tenants can help make a **BIG** impact in the community.

Our 5'x5' donation collection bins are branded with The Salvation Army shield and easy to use.

With our fleet of trucks and logistics team specialists, each pickup is the

result of seamless coordination and years of experience you want in a trusted partner. We have fully insured employees and equipment and \$1 million in liability coverage per location.

- ✓ The collection bin is placed on site, near an easily accessible laundry room, parking lot or other high-traffic space.
- ✓ Tenants donate gently used clothing and other items at their own convenience without having to leave the property.
- ✓ The Salvation Army provides ongoing pickup service for the Collection Bin on a set weekly schedule.

Our San Diego Warehouse diverts more than

5.8 Million

lbs. of clothes, cardboard, metals, Ewaste and other materials away from our local landfills each and every year!
