

HOPE HOUSE

Hope House is a safe, drug-free recovery focused shelter that supports the housing and recovery needs of adults experiencing homelessness and struggling with addiction. The program is designed to guide participants on their journey toward recovery, stability, and self-sufficiency through onsite case management, life skills development, recovery support, benefits acquisition, and streamlined access to community-based recovery services. Hope House also assists participants with securing appropriate next-step placements, including sober living, permanent supportive housing, or other suitable housing opportunities. All prescribed medications, including Medication Assisted Treatment (MAT), are permitted.
