

SWIM LESSONS FAQ

Our pool is following CDC requirements (<https://www.cdc.gov/coronavirus/2019-nCoV/community/parks-rec/aquatic-venues.html>)

Youth Swim Lessons will follow the CA State Guidelines established for Youth Programs/Day Camps (<https://covid19.ca.gov/pdf/guidance-daycamps.pdf>):

Below is an overview of our protocol.

COVID PROTOCOL

- Please refrain from bringing other children unless they are also in lessons.

- No more than two adult guardians may accompany any child onto the pool deck

- Group Lessons have a maximum of 6 children. Instructors wear a face shield while teaching and will do their best to keep kids distanced during class.

- Only one parent/adult guardian may accompany a child in the water during Parent & Child Classes

- **MASKS ARE REQUIRED TO ENTER THE FACILITY FOR EVERYONE AGES 2 YEARS AND OLDER.** Masks will not be worn while in the water for both instructors and students.

- Entry: All parents are required to review our Pre-Entry Wellness Questions prior to entering the facility each day. Affirmative answers will prohibit entry. Please notify Staff if you or someone in your household is experiencing symptoms.

- If kickboards, buoys, noodles or any pool toys are being used during lessons, each child will be assigned their own and each piece of equipment will be disinfected at the end of the class time in order to avoid cross contamination between the children.

- All swimmers are required to bring and use their own towels.

- Chairs and handrails next to stairs used for entry will be cleaned between each class

- Some classes will incorporate a more “out of water” approach to instruction than previous sessions in order to allow for more proper social distancing

GENERAL LESSON INFO FOR PARENTS

- Please arrive to the facility 10-15 minutes before your scheduled lesson to check-in at the swim lesson table right outside the gym lobby doors and have your child(ren) use the restroom and rinse before getting in the water.

- Parent/ Child & PreK Lessons: Children who are not potty trained must wear a swim diaper and plastic pants (available for purchase).

- Classes will be cancelled, and a prorated refund issued if we experience lightning or mechanical issues. Make-up lessons are not available due to back-to-back session. No other refunds will be issued.

- Most classes are held in our outdoor, heated pool. Please apply sunscreen at least 15 minutes prior to entry.

- Parents/ guardians are required to stay on the pool deck during lessons. Please observe from the bleachers to minimize distractions.

- Class levels are frequently repeated to allow students to fully master skills and feel confident before progressing. Patience is key to learning how to swim.

- Students will receive a mid-session report card which will indicate what level to enroll in for the following session.

- Persons having active diarrhea or who have had active diarrhea within the previous 14 days shall not be allowed in the pool water.
