

YOUR SAFETY IS OUR PRIORITY

To honor the states guidelines and The Kroc Center's commitment to providing as safe and fun experience for your children, you will see a few changes to how camp operates. There is nothing more important to our staff than the safety of your child and your family.

CAMPER DROP OFF AND PICK UP CHANGES

We will be conducting sign in/out similarly to years past. Instead of having our sign in/out line start at the recreation field gates, it will be starting outside the West End door of the Arts & Education Building. There will be plenty of signs marking where to go. There will also be markings on the pavement showing guests where to stand to keep socially distant protocols. When you sign your camper(s) in, you will be asked a series of health questions and asked that campers sanitize their hands prior to entering camp.

HEALTH REQUIREMENTS AND PROTOCOLS

All campers will wash their hands as soon as they enter the building and before/after any major activity change. Hand sanitizer will be provided for use between games and activities. Some games and traditional activities may be suspended until social distancing guidelines ease; for example, the use of the climbing tower may not be available. Camp Staff will implement extra cleaning measures throughout the day to maintain a high level of sanitizing of the equipment and facilities used by the campers and staff.

YOUR CHILD'S HEALTH

We will depend on you for an honest assessment of your child's health. A registered camper with the sniffles, cough, or cold symptoms will not be allowed to attend camp. If your child becomes ill or presents any of these conditions over the course of the camp day, they will be separated from the group of campers, monitored and you will be called to come and pick them up immediately.

IF YOU HAVE ANY QUESTIONS, PLEASE CALL THE CAMP MANAGER, AT 619.269.1438
