Dear Parent or Guardian,

Our responsibility for educating our children is to work together as a team—
the school and district staff, parents, guardians and families, and students
themselves. We all need to make our best efforts, individually and as a group, to
support our students, believe in their abilities and potential, and create
conditions for their success.

The 2010-11 School Report Card, revised with input from various parent
and community groups, is a valuable tool
for you to learn about your student’s
school. Bring this document with you
when you visit with your student’s
teacher(s). Learn how your school is
working to help your student read, write,
think, and speak at or above grade level.
Ask questions. Find out how you can
help. We are a team, and we need you!

The Academic Performance Index (API) is a score California gives each school based on student test scores. 200 is the lowest possible score. 800 is the target API score; 1000 is the maximum.

PROGRESS
Moving toward learning goals

► Are students meeting California standards in English language arts and math?
Students in grades 2-11 are tested annually to assess their achievement of state content standards. California Standards Test (CST) scores fall into 1 of 5 performance levels. The state's goal is for all students to score proficient or advanced; the top 2 performance levels.

Students scoring at the proficient or advanced performance level in... 2009-10 2010-11 LAUSD Average
English language arts 40% 44% 44%
Math 35% 39% 39%

► How much Academic Growth over Time (AGT) did the school make on standardized tests?
A method known as value-added analysis helps us know how much students have progressed on standardized tests from one year to the next. The table below provides Grade-Level AGT results for English language arts (ELA) and Math for the past academic year 2010-11.

English learners must achieve 3 goals to be reclassified as fluent English proficient (REEP): 1. Score proficient on the California English Language Development Test (CELDT) 2. Show basic skills on the California Standards Test (CST)-ELA 3. Be recommended by the school by passing English courses with a “C” or better.

What is Adequate Yearly Progress (AYP) and Program Improvement (PI) Status?

A school must meet targets under No Child Left Behind (NCLB) on standardized tests and graduation rates for all students and for certain groups (economically disadvantaged students, students with disabilities, English learners, and students in different ethnic groups). For information on the specific requirements for your school, visit http://www.cde.ca.gov/ta/ac/ai/ and click on the link called School Level AYP Reports.

Did this school meet AYP requirements?
How many requirements did the school meet?
...out of a possible

A Title I school is in Program Improvement (PI) status when it does not meet AYP requirements two years in a row. When this happens, an intervention plan is designed to help the school meet its requirements. Parents are notified when a school enters PI status. You may view a copy of your school’s plan at your school.

What was the school’s PI status as of September 2011?

GET involved

What you can do as a parent...

As a parent, you play a critical role in your child’s success in school. Aside from teachers and counselors, the school principal is someone every parent can talk to at the school. Many schools also have a parent center with additional resources for parents.
