Greetings Game Changers!

Homelessness is **THE** defining issue.

United Way of Greater Los Angeles and the Los Angeles Rams are excited to present **HOMEWALK** 2019, the 12th Annual 5K Family Run/Walk -- Bringing **Everyone In™** to End Homelessness in L.A. County. Through this powerful partnership, our organizations are working hand-in-hand to create an unforgettable experience for runners, walkers, fans and fundraisers of all ages.

HomeWalk mobilizes all of L.A. County to get involved and raises funds to end homelessness for good. This year, we are increasing our efforts with bigger, bolder goals. We will raise \$1.5 million and engage 15,000 Angelenos to run and walk to end homelessness in L.A. County.

Since launching HomeWalk 12 years ago, we have influenced legislation for homeless solutions and prevention, and are leading a county-wide campaign called **Everyone In™**, mobilizing thousands of Angelenos across all 88 cities to advocate and support housing solutions.

You can count on United Way of Greater Los Angeles and the Los Angeles Rams to continue to elevate consciousness and rally forward momentum around our most vulnerable neighbors. But we can't do it without our most valuable partners - YOU!

Join us today, **let's bring everyone in** and move our most vulnerable neighbors into a home for good.

We thank you for your support!

Homelessness is THE issue in L.A. County. While the recent homeless count numbers showed a 3% decrease, there are **still 53,000+ men, women, children and veterans suffering on our streets on any given night**. At United Way of Greater Los Angeles, we know that solutions have to be more than housing-focused - solutions have to be **people**-focused.

At our **"Everyone In™"**: Stories from the Frontline, Stories to End Homelessness," Sue shared her story:

"I'm a chef and an artist. I've lived in Venice for 33 years after moving here when I was 27. I became homeless when my landlord decided to build up a parking lot – I never thought I'd end up homeless. Just the thought scared me to death.

When I was homeless, I lived near UCLA and the women on the streets showed me the ropes. For myself - as a woman - I like to stay clean. I have to have some dignity. Every day I would say to myself, 'This is only temporary. This is only temporary. Just put one foot in front of the other.'

"Homelessness is a 24-hour gig. Where are you going to sleep? Where are you going to eat? Where are you going to take a nap?"

I never wanted to live like an animal. You lose your dignity on the streets.

Thankfully I stayed sober despite all the odds because of the 12-step support.

I am now in affordable housing- thank goodness! I was so overwhelmed that I cried like a baby for a week – I was so grateful. I have great neighbors. I feel secure and safe."
