

**Overlap Between Evidence-Based Practices Identified by the National Professional Development Center (NPDC) on ASD and the National Standards Project (NSP)**

Evidence-Based Practices Identified by the National Professional Development Center (NPDC) on ASD	Established Treatments Identified by the National Standards Project (NSP)													
	Behavioral Interventions	Story-based Intervention Pkg.	Modeling	Naturalistic Teaching Strategies	Peer Training Package	PRT	Schedules	Self-Management	Parent Training	Social Skills Package	Scripting	Cognitive Behavior Intervention	Comprehensive Behavioral Treatment for Young Children	Joint Attention Intervention
Prompting	X												The NPDC on ASD did not review comprehensive treatment models. Components of The Comprehensive Behavioral Treatment of Young Children overlap with many NPDC-identified practices.	The NPDC on ASD considers joint attention to be an outcome rather than an intervention. Components of joint attention interventions overlap with many NPDC-identified practices.
Antecedent-Based Intervention	X													
Time Delay	X													
Reinforcement	X													
Task Analysis	X													
Discrete Trial Training	X													
Functional Behavior Analysis	X													
Response Interruption/Redirection	X													
Differential Reinforcement	X													
Time Delay	X													
Social Narratives		X												
Modeling/Video Modeling			X											
Naturalistic Interventions				X										
Peer Mediated Intervention					X									
Pivotal Response Training						X								
Visual Supports							X							
Structured Work Systems							X							
Self-Management								X						
Parent Implemented Intervention									X					
Social Skills Training Groups										X				
Cognitive Behavior Intervention											X			
Scripting												X		
Technology Aided Instruction	Technology Aided Instruction and Intervention (Technology-based Treatment) was identified as an emerging practice by the NSP.													
Picture Exchange Communication	Picture Exchange Communication System was identified as an emerging practice by the NSP.													
Extinction	Extinction (Reductive Package) was identified as an emerging practice by the NSP.													
Exercise	Exercise was identified as an emerging practice by the NSP.													
Functional Communicaiton Training	Functional Communicaiton Training was identified as an emerging practice by the NSP.													
	*Structured Play Groups were identified as an evidence-based practice by the NPDC													
	*Language Training (Production) was identified as an evidence-based practice by the NSP.
