It’s 93 million miles to the sun—one astronomical unit. The distance to the end of our solar system is more than 120 of those astronomical units. The sheer size of the universe should naturally make us catch our breath. But the most breathtaking truth this Bible study should communicate to kids is that God created them, cares for them, and loves them far more than anything in the galaxy!

People are God’s most precious creation. When was the last time you were reminded how much He loves you? What triggered that reminder?

Every human is created in God’s image. How should that truth affect the way you treat every human—especially the hard-to-love ones?
