brān[®]

The power of the brain is in balance.

Happiness

Love

Focus

All of these are simply thoughts in your brain.

The balance between them, the amount of each one, determines your state of mind. [1](#)[2](#)[3](#)[4](#)[5](#)[6](#)

brān®

- Improves:
 - focus
 - mental clarity
 - energy

Snap **brān®** directly under your tongue, for fast full-power absorption.

brān®

Boost your brain

– Provides a natural balance.

Take control of your sleep.

WORKS IN 2 STAGES:

Stage 1

Offers a **powerful detox** that helps rid your body of toxins and bloating so you can sleep better.

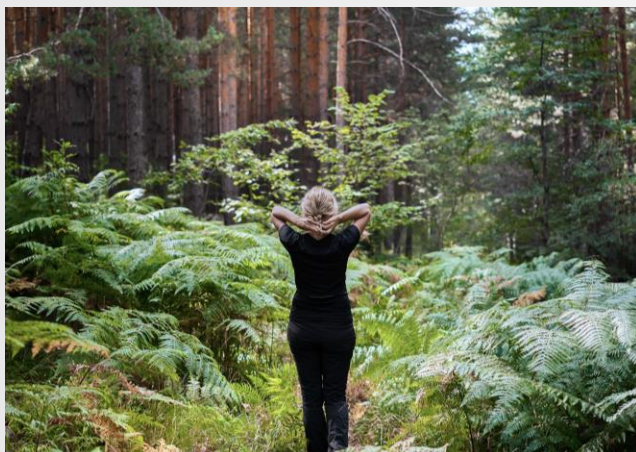

Stage 2

Helps you get to sleep and **stay asleep**.

If you get deep, good sleep, your body will then open three pathways:

+

+

1. Deep healing
and restoration

2. Stress
elimination

3. Weight
management

The goal is to:

- **Balance** your serotonin levels.
- **Improve** your sleep quality.
- **Reduce** your stress response.
- **Manage** your weight. [78](#)

uüth®

Did you know...

All your skin, hair, most of your muscles, bones, and ligaments, and half of your organs are made of **collagen?** [9](#)[10](#)[11](#)

A lot of what we call '**aging**' is just your **body running out of collagen**

Are you getting enough collagen? [12](#)[13](#)[14](#)[15](#)

uüth®

Benefits

Firmer skin

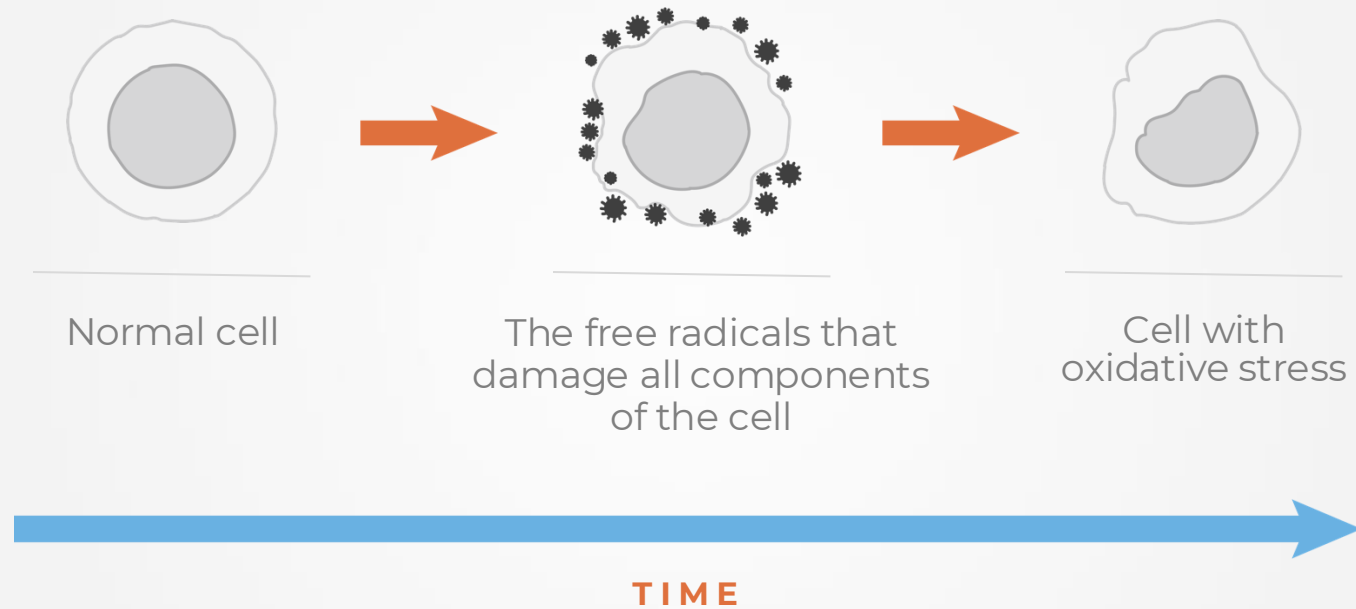

Nicer hair and nails

Better muscle tone

More collagen means **less oxidative stress**.

Oxidative stress

Have you been a victim of **binge eating**? [16](#) [17](#)

Sometimes, our body doesn't properly communicate that it's full.

plôs® is designed to do **2 things**:

- Reduce your **hunger**.
- Increase your **fat burning** power.

Your body has **2 hunger mechanisms** that work together;
as **one turns on**, it turns on the **other** one, and vice versa. [18](#) [19](#)

plôs® is the only product on the market that turns off both, in the right, balanced way, so that they **turn off and stay off**

plôs®

Did you know...

BIG companies like **McDonald's** and **Taco Bell** spend hundreds of millions every year on **Research and Development**, trying to make their **food harder to resist**

?

Dunkin Donuts spends an **estimated \$75 million dollars** on Research and Development. [20](#)

Right now, **all over the country**, there are thousands of teams of chefs, chemists, psychologists, and even doctors working 60 hours a week trying to make your **next hamburger even harder to resist.** [21](#) [22](#)

Turn on your **fat-burning system** and keep it on all day with **plôs®!**

A healthy gut is one of the key pillars to overall health. [23](#) [24](#) [25](#)

We were shocked at how unhealthy most people's digestion is. [26](#) [27](#)

If you see some who is sick, you know the bacteria in their gut is also sick.

With **20 billion CFUs** from
9 different strains of healthy bacteria, **byōm®**
is designed to optimize your gut health.

byōm®

The bacteria in your body need **natural substances to ensure their health.**

byōm® is the first of its kind

- A **liquid, non-refrigerated** probiotic.
- Helps lower your **body's pH.**
- Improves your **immune system.**
- Helps with **cellular hydration.**
- A **harmonizing blend** of enzymes, probiotics, and trace minerals provides the essential support your body needs to stay balanced.

What **ties** all these Snap products together?

A top-down view of various fresh fruits and herbs scattered on a white background. The items include slices of orange, kiwi, and lemon, along with green dill sprigs and small purple flowers. A large, faint, light-gray symbol is centered in the background, resembling a stylized female symbol or a combination of a circle and a cross.

Antioxidants and EMF

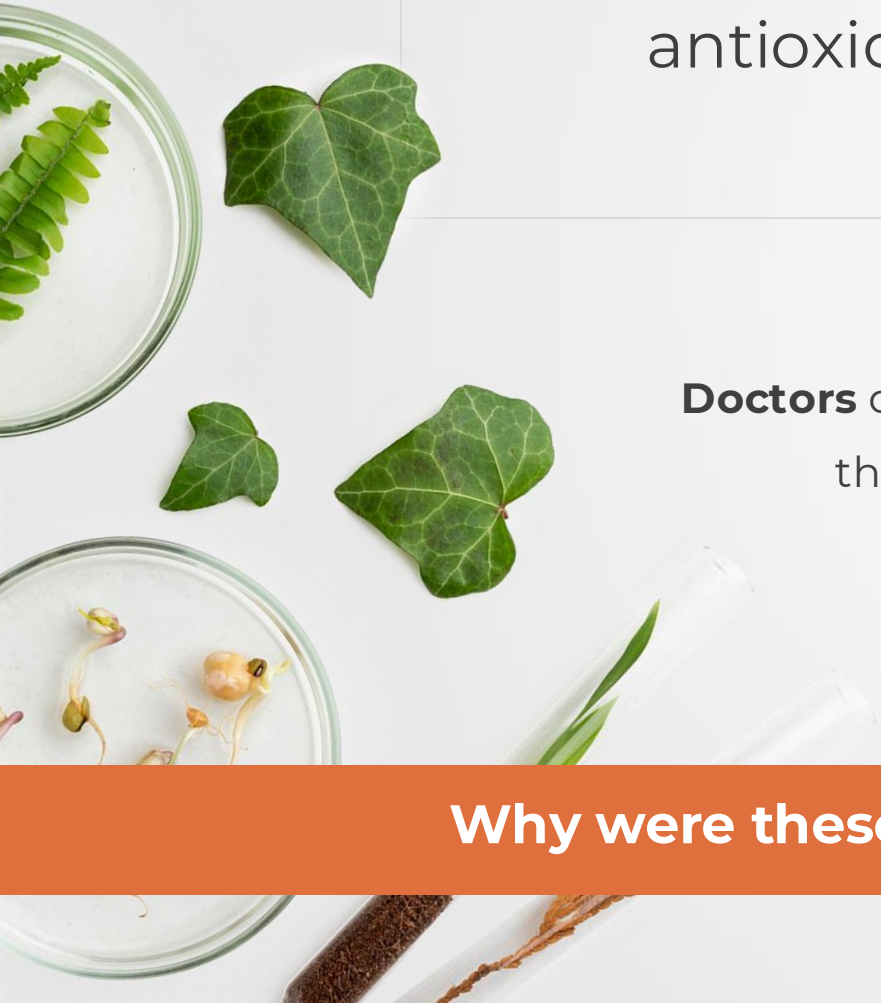

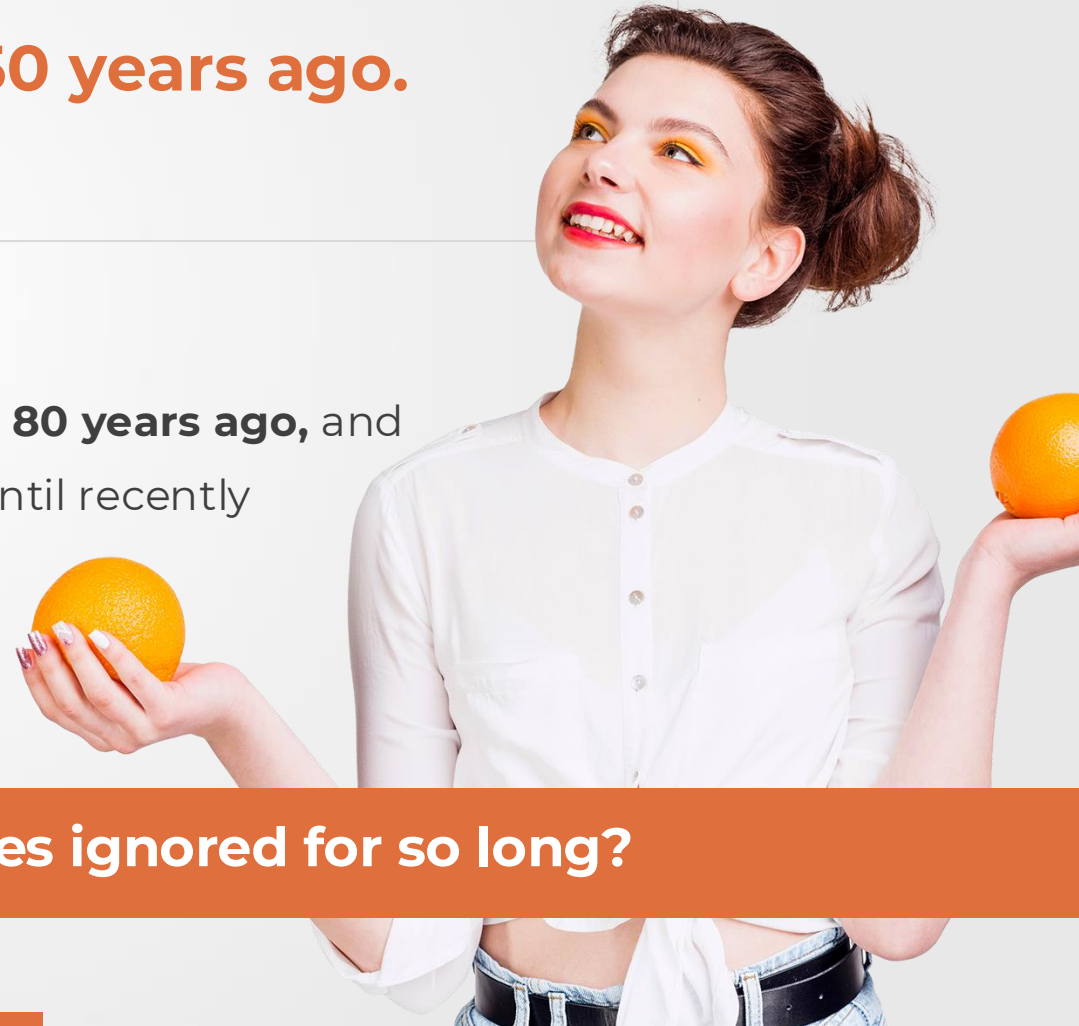

Fun fact

People **didn't care** much about antioxidants **until about 50 years ago.**

Doctors discovered antioxidants over **80 years ago**, and then basically ignored them until recently

Why were these incredible substances ignored for so long?

tuün®

EMFs (Electromagnetic fields).

Electronic signals used by machines to talk to other machines.

When your **body gets in the way** of these signals, they go inside you and make those **bad high-energy chemicals** in your body

tuün® is the **key**

Snaps work to target the damage the modern world does to your body, **helping you feel restored, focused, and resilient.**

Your **body's interference** with these signals causes the creation of harmful, **high-energy chemicals** inside you.

- Did you know that lightening changes direction to hit a lightening rod.
- The rod is hit, leaving the building protected.
- **tuün**® works the same way. The EMF hits the **tuün**® and leaves your body protected

tuün[®]

Biohacking Enhancement Technology

R E S O N A T E

Your Shield Against EMFs

tuün[®] acts like a lightning rod, **attracting and neutralizing harmful EMFs** using advanced Biohacking Enhancement Technology (B.E.T), **reducing the impact** of modern life on your body.

Benefits of tuün®

- Helps **reduce free radical damage**
- **Grounds** the body
- Improves **Focus and Mood**
- Improves **Sleep Quality**
- Improves **Weight Management**
- **Improves the effectiveness** of all Snaps
