Hi All,

I mentioned this to Ryan and Wlad, but to make sure Sarah's in the loop - I spoke to Robert a couple of days ago and we're going to keep this focused on Howard Terminal but reserve 10 min at the end to discuss the Broadway Transit Lanes since Ryan and Mike will be in the room together. I'll forward you the invite, Sarah.

Yes please to circle back with Robert. His understanding is quite different from what your email says. Thanks

Hi Wlad,

The intent of the meeting is to understand how AC Transit seeks to be involved in the A's Howard Terminal project, not the Broadway Transit Lanes (which is one part of the project from 11th to Embarcadero, but not the goal of the discussion). We need a lot of clarity from AC Transit on their service changes, needs and ticketing preferences. I will clarify with Robert, because we really need this info now in order for the CEQA process to move forward.

Nicole and Ryan,

Sarah and I had a phone call yesterday with Robert Del Rosario and he shared that this Thursday's meeting at 10:00am on your calendars will include Mike Hursh, Rama and Robert to discuss the subject topic. They will also likely bring their legal counsel, per Elsa Ortiz' request/direction. AC had previously asked that in order for them to support the project, they would seek assurances from the City that it would have no adverse impact schedule-wise or financially to the BRT.

Since I will be away, I'm asking Sarah to sit in on this meeting. Let me know if you'd like to discuss further. I wanted to alert you to this because it looks like the meeting on your calendars is currently noted as being about the A's (only).
