Hi Rochelle – have you been discussing the ped/bike bridge with anyone at OakDOT as of late? If not, would you want to meet and share an update of where you all are in your planning process? I think there are a lot of efforts here that could coincide nicely with a meeting – OAAP, A's Howard Terminal, CTP, FASTER, etc.

Thanks for elevating this. I haven't talked to Rochelle about this in about a year, I'd say. I can loop around with them. I've been meaning to anyhow as we're considering major infrastructure projects as part of our capital priorities for ACTC's Countywide Plan and FASTER. My colleague Mohamed has been the lead on the OAAP, so looping him in here.

Mohamed- John is at the SFMTA but after his day job he serves as a City Councilmember for the City of Alameda and is a great ally across the estuary.

Thanks, Nicole!

I found a little info about the bridge in the new bike plan (thankfully it's in there, I had been led astray in thinking it wasn't!)

Bruce, appreciate the info. Would love to know if you're working with Andrew/Rochelle in discussions about the bridge. We have some timing issues related to OAAP that make this discussion more timely that I think some folks realize. :-)

Good morning, Nicole.

I have a memory of the City of Oakland sending a letter to CalTrans in support of the Estuary Crossing Ped/Bike Bridge a couple of years ago when they were putting together the Caltrans D4 Bike Plan. The bridge was included, but I can't find the letter with Oakland's support (it's not in the new Oakland Bike Plan, unfortunately).

Would you know who I could connect with to get a copy?

I hope you're well.
