To the Mayor and City Council:

The Howard Terminal should be left for Maritime Operations. We already have a beautiful waterfront park at the Port. If the ball park is built, importers may not want to ship to Oakland and it will affect the Port and the city revenue and possibly lose jobs. The Howard terminal is NOT the right place for a ball park. It's way to close to Maritime Operations where the work can be dangerous. If we have additional traffic due to the ball games, etc... I'm sure there will be accidents because regular people probably not know how to navigate among large trucks/containers and will be in the way of maritime operations. I personally do not think this is a smart move.. there's other beautiful locations in the bay that can be an option.

Why not find another water front location? The San Francisco 49ers moved to Santa Clara. Maybe the A's can move to another city.

I work at a company that relies on the efficiency of the Port of Oakland and I am writing this letter to express my strong opposition to the A's Howard Terminal proposal.

Those of us whose work depends on the Port have made clear that this is not just about a ballpark, but a proposed stadium, condo, retail, and office development that is incompatible with maritime industries at the working waterfront. Howard Terminal, which serves as a key logistics hub and entry point to the Port, is crucial to the efficiency of Port operations. Turning it into an entertainment and real estate development will not only make it harder for employees like me to do our jobs, but it will also put our careers at risk by making the Port of Oakland less efficient and less competitive. That is why many major employers, organizations, and unions that rely on the Port have united in opposition to the A's Howard Terminal plan.

Keeping the A's at the current Coliseum site and away from the Port is critical for the livelihoods of those who work there. We are asking you to do the right thing for the 84,000 employees who work at the industrial waterfront and reject the A's Howard Terminal plan.

Thank you for your consideration.
