Luis-

Currently, the Draft EIR is out for the public comment period. The EIR process includes a formal public comment period and procedure for submitting comments and responses to those comments are provided in the Response to Comments/Final EIR document that will be published. The City already has conducted a public Informational Workshop which explained the key analyses and conclusions of the EIR – see the on-line link on the City website of the March 6, 2021 Informational Workshop (link below). Considering the Informational Workshop, we think it is unnecessary for a City representative to attend this community group meeting. In addition, the EIR process has been explained on numerous past occasions to this group through meetings set up by the Port of Oakland. Please feel free to address any process questions to me and I will work to respond promptly.

City of Oakland | March 6, 2021 Oakland Waterfront Ballpark District...

Consistent with requirements of AB 734, the the City is holding an informational workshop with the purpose of describing the key analysis and conclusions of the Oakland Waterfront Ballpark District Draft EIR. This workshop is not a formal public hearing for receipt of public comments on the Draft EIR, rather the purpose is to help the public locate information within Draft EIR and understand ...

Hello Pete,

Felicia Verdin with the Neighborhood Services Division suggested I contact you. The East Oakland Stadium Alliance (EOSA) is hosting a community meeting on the Howard Terminal Project on **Thursday, April 15, at 6 pm**. Our team (Mike Jacob, PMSA, and Melvin McKay, ILWU) will discuss the impacts of the Oakland A's Draft EIR and opportunities for participating in the public process. Since NSD will promote the meeting to NPC leaders and its email distribution, they have requested that a representative from the City who knows about the project's technical aspects be in attendance to address questions and concerns. Can you please confirm that you can attend the meeting? Please feel free to email or call (415-572-0798) for questions or more information.

Thank you.
