I don't think there is any intent within the planning department to extend beyond 60. 60 days is very typical for projects of this size/complexity statewide, and consistent with CEQA Guidelines.

Yes. Just seeing that there is a new letter with a request for an additional extension.

The comment period was extended from 45 to 60 days in response to requests from various stakeholders. It ends 4/27 (originally 4/12).
