Subject: Application for Environmental Review
Date: Tuesday, October 2, 2018 10:02:08 AM

Hi Pete, I believe we need to submit a formal application for environmental review, is that correct? If so, would you please advise as to the timing and substance of that application? I looked online, but could not track down any information. Feel free to give me a call if it is easier to discuss over the phone than by email.

Thanks,
Noah
