OUTDOOR TREATMENTS

FLYING INSECTS: Treat outside surfaces of screens, doors, window frames or wherever these insects may enter the room. Also treat surfaces around light fixtures on porches, in garages and other places where insects alight or congregate. Repeat as necessary.

Treat normal fly resting areas such as ceilings, upper corners of the area, around windows and doors, light fixtures and other surfaces known to attract flies. Hold can 1 to 2 ft from target surface and apply at the rate of one 20 oz can/250 to 375 ft² of surface area. Treat so as to lightly moisten the target surface. Initiate treat- ment at the beginning of the season and repeat as necessary but not more than 1 time/day.

TO KILL MOSQUITOES OUTDOORS: To kill adult mos- quitoes, treat shrubbery, vegetation and other areas where mosquitoes may rest. Direct application of this product to any body of water is prohibited. Apply at the rate of one 20 oz can/250 to 375 ft² of surface area. Repeat as necessary, but not more than 1 time/day.

PERIMETER TREATMENT - for crawling insects, such as Ants (excluding Carpenter Ants), Cockroaches, Crickets, Earwigs, Pillbugs, and Sowbugs: Treat infestations of these insects in out- door areas which are landscaped, planted, mulched or unman- tained. For ants, treat mounds and runways. Repeat applications as infestations warrants and as reinfections occur, but not more than 1 time/day. Apply to cracks and crevices where insects may enter premises. Areas to be treated include, weep holes, under siding, wall voids, soffits, around attic vents, cracks and crevices, and openings around windows, doors and pipes. Treatment of infested fences and tree holes is permitted. To help prevent infestations of buildings, treat a band of soil 6 to 10 ft wide around and adjacent to the building. Also, treat the building foundation up to a maximum height of 2 to 3 ft and where pests are active and may find entrance. Treat at the rate of 14 sec/100 ft².

CAMPGROUNDS, PATIOS AND PICNIC AREAS: Treat in the direction of a slight breeze away from user that allows the product to drift into areas of infestation. Treat while moving away from the treated areas. Allow spray to dissipate before occupying the treated area. Direct treatment from a distance of 4 to 6 ft from flowering plants, shrubbery and grass where the insects may be resting. Treat on and around benches, chairs, garbage cans, patio furniture and tables. Treat in such a manner to avoid human or food contact areas. DO NOT wet articles to point of runoff or drip. DO NOT use treated articles until spray has dried.

BOATS, CAMPERS, TENTS, TRAILERS AND RECREATIONAL VEHICLES: Make Crack & Crevice or spot treatment where insects may be harboring or traveling. For space treatment, apply 1 to 3 sec. Keep the treated area closed for at least 15 min. and thoroughly ventilate before re-entry.

CABINS: Make Crack & Crevice or spot treatment where insects may be harboring or traveling. For space treatment, close all windows and doors and direct fog upward at a rate of 2 to 4 sec/1,000 ft². Dispense in all locations. Keep the treated area closed for at least 15 min. and thoroughly ventilate before re-entry.

PESTICIDE DISPOSAL: Wastes resulting from use of this product may be disposed of on site or at an approved waste disposal facility.

CONTAINER HANDLING: Do not puncture or incinerate. If partly filled: Offer for recycling, if available.

CONDITIONS OF SALE AND WARRANTY

Follow the Directions for Use. It is impossible to eliminate all risks inherently associated with use of this product, and therefore all such risk shall be assumed by the Buyer. BASF warrants that this product con-forms to the chemical description on the label and is reasonably fit for the purposes referred to in the Directions for Use, subject to the inherent risks, referred to above. TO THE EXTENT CONSISTENT WITH APPLICABLE LAW: (A) BASF MAKES NO OTHER WARRANTIES EXPRESS OR IMPLIED, INCLUDING WARRANTIES OF FITNESS FOR PARTICULAR PURPOSE OR MERCHANTABILITY, (B) BUYER’S EXCLUSIVE REMEDY AND BASF’S AND SELLER’S EXCLUSIVE LIABILITY, WHETHER IN CONTRACT, TORT, NEGLIGENCE, STRICT LIABILITY, OR OTHERWISE, SHALL BE LIMITED TO REPAYMENT OF THE PURCHASE PRICE OF THE PRODUCT, AND (C) BASF AND THE SELLER DISCLAIM ANY LIABILITY FOR CONSEQUENTIAL, INCIDENTAL, SPECIAL OR INDIRECT DAMAGES RESULTING FROM THE USE OR HANDLING OF THIS PRODUCT. BASF and the Seller offer this product with the understanding that the Buyer and his employees use the product in accordance with the Directions for Use.

Contains no CFCs or other ozone-depleting substances. Federal regulations prohibit CFC propellants in aerosols.
