BLACK LABEL Zn
0.77 Zn 6-20-0

GUARANTEED ANALYSIS
Total Nitrogen (N) ................................. 6.00%
0.30% Nitrogen Kjeldahl
0.30% Nitrates

Other Ingredients
Nitrogen Kjeldahl
0.30% Nitrates
Available Phosphate (P2O5) .................. 0.77%
Zn (Zn) ................................................ 6.00%
Water Soluble Zn (Zn) ......................... 0.77%

Derived From: Arthryos Acetamid, Ura-Arnemtium Kjeldahl, Phosphoric Acid and Zinc Sulfate

ALSO CONTAINS NON-PLANT FOOD INGREDIENT: SOIL AMENDING INGREDIENTS:
0.77% Humic Acids derived from Leonardite ore. 92.9% Other Ingredients

GENERAL INFORMATION
BLACK LABEL Zn contains Humic Acids extracted from Leonardite ore. These humic acids are then combined with liquid plant nutrients in a patented reaction process.

BLACK LABEL Zn contains nitrogen, available phosphate, and humic acids. BLACK LABEL Zn may be placed 1 to 2 inches below seeds or directly injected into root system because the product is non-phytotoxic. BLACK LABEL Zn is designed for use in all soil types. It should be concentrated for maximum response. Apply it as a band in the soil or inject it through drip or micro-sprinkler systems. Application rates will vary depending on the crop grown.

BLACK LABEL Zn is an effective foliar nutrient when mid to late season phosphate levels fall below optimum values. Multiple applications may be beneficial. Applications should be made at night or early in the morning when used as directed this product does not supply all nutrients required by crops and is to supplement a soil fertility program based on soil tests.

Purpose Statement: To aid in plant development by increasing root availability of mineral nutrients and condition soil.

CAUTION: Always check compatibility with other products prior to use. Do not mix with conventional calcium based fertilizers. Direct label is not compatible with conventional products containing the same or similar metals.

DIRECTIONS FOR USE — SOIL APPLICATION RATES
VEGETABLES, CUCURBITS, COLE CROPS, PEPPERS AND TOMATOES: Use as a 1% to 3% nutrient source prior to mid-season. A second application may be necessary. Apply with 10 to 30 gallons of water per acre at 6 to 12 gallons per acre depending on bed size. May be applied through center pivot irrigation systems.
ALL ROW CROPS: Use 1 to 2 gallons per acre. Under deficient conditions a second application may be required 2 weeks later. Up to 4 gallons per acre may be applied. Apply with 10 to 20 gallons of water per acre.
DECIDUOUS FRUIT AND NUT TREES, GRAPES, OLIVES AND CITRUS: Apply 2 to 4 gallons per acre in a minimum of 50 gallons of water.
NOTE: For all crops, the rate of water should be sufficient for thorough coverage. Coverage is dependent on proper droplet size, which is a function of nozzle size and pressure.

MIXING INSTRUCTIONS
BLACK LABEL Zn is easily with water, as follows:
1. Partially fill tank with water and start agitation.
2. Add pesticides or other nutrients. Black Label Zn is compatible with micronutrients if used at a minimum of 8 parts to 1 part micronutrient.
3. Add Black Label Zn to circulating tank mix.
4. Fill tank and agitate thoroughly.

FIRST AID
If in eyes: Hold eyes open and rinse slowly with gently with water for 15 to 20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for treatment advice. If on skin or clothing: Wash off with soap and water. Do not use water ifLewisite is present. Soak Lewisite in a water-free liquid or dry cleaning solvent.

If swallowed: Call a poison control center or doctor for treatment advice. If inhales: Move person to fresh air if person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably by mouth to mouth, if possible. Call a poison control center or doctor for further treatment advice.

FOR A MEDICAL EMERGENCY INVOLVING THIS PRODUCT, CALL 1-888-944-8855.

STORAGE:
Store in original container only. Any containers tightly closed away from reach of children. Do not store in areas where bum, flood, product, and water stains should be avoided. Do not store near water or fire. Do not store in areas that are not weatherproof. Keep product out of reach of children, pets. Keep product out of reach of children. CAUTION: Use only as directed.

DISPOSAL: Do not pour on or into surface waters, lakes, streams, or ponds. Do not store in or near natural ecosystems. Do not contaminate soil or surface waters. Do not contaminate water, food, or feed by storage or disposal.

HANDLING: Avoid breathing fertilizer mist. Avoid prolonged or repeated skin contact. Avoid eye contact. Wash hands thoroughly after handling the product.

For help with any spill, leak, fire or exposure involving this material, call day or night CHEMICAL: 1-888-944-8855.
