**KEEP OUT OF REACH OF CHILDREN**

**WARNING**

Si usted no entiende la etiqueta, busque a alguien para que se la explique a usted en detalle. (If you do not understand this label, find someone to explain it to you in detail.)

**ENVIRONMENTAL HAZARDS**

This product is toxic to fish and aquatic invertebrates. Drift and runoff from treated areas may be hazardous to aquatic organisms in neighboring areas. Do not apply directly to water, or to areas where surface water is present or to intertidal areas below the mean high water mark. Do not contaminate water when cleaning equipment or disposing of equipment washwaters.

**DIRECTIONS FOR USE**

It is a violation of federal law to use this product in a manner inconsistent with its labeling.

This label and the label for the federally registered product, EPA Reg. No. 352-592, must be in the possession of the user at the time of pesticide application. Read this entire label and the entire label on the EPA registered label. Follow all directions, restrictions, and precautions found on this label and all the applicable requirements on the label for EPA Reg. No. 352-592.

DuPont CURZATE® 60 DF fungicide may be applied to spinach, cabbage, Swiss chard and table beet grown for seed production only for the control of downy mildew. Consult the CURZATE® 60 DF EPA-registered label for additional requirements, restrictions and precautions.

**HOW TO USE**

**Use Rate, tank mixes and timing**

- Apply CURZATE® 60 DF fungicide at 3.2 ounces per application per acre in sufficient water to obtain thorough spray coverage of the crop.
- Use CURZATE® 60 DF only in combination with another registered protectant fungicide, such as mancozeb or chlorothalonil.
- Applications can be made prior to or after transplanting.
- Initial applications should start when local conditions indicate that downy mildew infection is imminent.
- Make applications on a 5-7 day interval as long as disease conditions exist.
- Do not exceed 5 applications of CURZATE® 60 DF per 12 month period.
- For conventional ground application equipment, including tractor-mounted sprayers, boom or backpack sprayers, use a minimum of 20 gals/acre.
- For hard-to-wet foliage, a spray adjuvant may be used to help increase spray coverage and retention.

**RESTRICTIONS/PRECAUTIONS**

- Do not apply by air.
- For use under this SLN label do not apply this product through any type of irrigation system.
- For use only on specified crops grown for seed.
- Do not replant treated fields to any crop within 30 days after last CURZATE® 60 DF treatment.

**Special Crop Use Restrictions**

The pesticide applicator, the producer of the crop, and the seed conditioner must be aware that use of this product according to this labeling is deemed a nonfeed/non-food use by the Oregon FIFRA 24(c) SPECIAL LOCAL NEED LABEL.
This pesticide does not have an established pesticide residue tolerance for this crop. Consequently, no portion of this seed crop may be used or distributed for food or feed for 1 year (365 days) after the last application of this product. This restriction pertains to, but is not limited to: green chop, forage, hay, pellets, meal, whole seed, cracked seed, straw, roots, bulbs, foliage or seed screenings, and to the grazing of the crop field, stubble or regrowth. All seed screenings shall be disposed of in such a manner that the screenings cannot be distributed or used for food or feed purposes, as indicated in OAR 603-057-0535. Additional regulations concerning seed screenings are stated in OAR 603-057-0535.

Any seed from a field treated with this pesticide product shall bear specific and conspicuous container labeling, or if shipped in bulk, on the shipment invoice or bill of lading. The labeling shall contain the following statement:

“This seed was produced using one or more products for which the United States Environmental Protection Agency has not established pesticide residue tolerances. This seed, in whole, as sprouts, or in any form, may not be used for human consumption or animal feed. Failure to comply with this condition may violate requirements of the Federal Food and Drug Administration, the Oregon Department of Agriculture and other regulatory agencies.”

IMPORTANT
BEFORE USING CURZATE® 60 DF FUNGICIDE, READ AND FOLLOW ALL APPLICABLE DIRECTIONS, RESTRICTIONS AND PRECAUTIONS ON THE EPA-REGISTERED LABEL.

This label contains new or supplemental instructions for use of CURZATE 60DF which do not appear on the EPA-registered package label. Follow the instructions carefully.

Read the Limitation of Warranty and Liability on the section 3 Federal product label before buying or using this product. If terms are not acceptable, return the unopened package at once to seller for full refund of purchase price paid. Otherwise, use by Buyer or any other User constitutes acceptance of the terms of the Limitation of Warranty and Liability on the Section 3 Federal product label.
