

SPRAY ADJUVANT AND DEPOSITION AID

ACTIVE INGREDIENTS:	BY WEIGHT:
Ammonium nitrate, Urea, Alkoxylated Triglyceride, Methyl Soyate, Amine salt of alkyl ethoxylate phosphate, and Trisiloxane	84.3%
Constituents ineffective as an adjuvant	15.7%
TOTAL	100.0%

All ingredients are exempted from the requirements of a tolerance under Section 40 CFR 180.910.

Not intended for use as a plant food or fertilizer.
PATENT PENDING

KEEP OUT OF REACH OF CHILDREN

WARNING

May be harmful if swallowed
May be harmful in contact with skin
Causes eye irritation
Causes skin irritation
May be harmful if inhaled

CA Reg. No. 5905-50106-AA
NET CONTENTS: 2.5 Gallons (3.785 Liters)
 30 Gallons (113.55 Liters)
 Mini-Bulk

SN 033115

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS

WARNING

BEFORE USING THIS PRODUCT, READ ALL PRECAUTIONS, DIRECTIONS FOR USE, CONDITIONS OF SALE-LIMITED WARRANTY AND LIMITATIONS OF LIABILITY AND REMEDIES.

May be harmful if swallowed. May be harmful in contact with skin. Causes eye irritation. Causes skin irritation. May be harmful if inhaled. Keep product locked up and out of the reach of children. Do not get in eyes, on skin, or on clothing. Avoid breathing vapors or water solutions. In addition, always follow precautionary statements on the accompanying labels of any jointly applied product(s). Do not apply this product in such a manner as to directly or through drift expose workers or other persons. The degree of spray application drift hazards varies with type of pesticide, application conditions, and vegetation near the spray area. Drift minimization is the responsibility of the applicator. Always consult your local and State agricultural authorities for information regarding avoiding or minimizing spray drift. In addition, follow precautionary statements on accompanying pesticide(s) label(s). Not for human or animal consumption.

Personal Protective Equipment (PPE): Wear protective eyewear (goggles or face shield), chemical-resistant gloves, long-sleeved shirt and long pants, and shoes plus socks when using this product. Take off any contaminated clothing and wash before reuse.

FIRST AID	
IF SWALLOWED:	Call a doctor or get medical attention. Do not induce vomiting. Do not give anything by mouth to an unconscious person. Avoid alcohol.
IF INHALED:	Remove victim to fresh air. If not breathing, give artificial respiration, preferably mouth-to-mouth. Get medical attention.
IF IN EYES:	Hold eyelids open and flush with a steady, gentle stream of water for 15 minutes. Get medical attention.
IF ON SKIN:	Remove contaminated clothing and wash skin with soap and water. Call a physician if irritation persists.
If contact is made with a spray solution containing pesticides, follow the "Statement of Practical Treatment/First Aid" on the pesticide(s) label(s).	

STORAGE AND DISPOSAL

Store in original container only. Keep packages tightly closed and do not allow water to be introduced to container contents. Do not store this product near heat or open flame. Do not store or ship this product with oxidizing agents.

CONTAINER DISPOSAL: Triple rinse (or equivalent) and add rinsate to spray application equipment. Empty packaging should be offered for recycling or disposal in accordance with Federal, State, and Local authorities. If packaging is burned, stay out of smoke.

For help in chemical emergencies involving spill, leak, fire, or exposure call toll free 1-800-424-9300.

GENERAL INFORMATION

DYNE-A-PAK® is a patented blend of deposition agents, surfactants, and activators. It is effective with herbicide products based on sulfonyl ureas.

DYNE-A-PAK® improves spray application by physically modifying the deposition, wetting, and coverage of spray applications.

DIRECTIONS FOR USE

FOR USE WITH PRODUCTS REGISTERED FOR AGRICULTURAL APPLICATIONS.

The addition of a spray adjuvant to some herbicides and/or fertilizers may cause phytotoxicity to the foliage and/or fruit of susceptible crops or non-targeted vegetation. Prior to the application of **DYNE-A-PAK®** to a spray mix, the user or applicator must have experience with the combination or must have conducted a phytotoxicity trial.

USE RATES

DYNE-A-PAK® is designed to provide the spray adjuvant functions of both crop oil concentrates and surfactants when used at the rate of 4 quarts per 100 gallons of spray mixture or 1.0% by volume in ground applications. Aerial applications should use a minimum of 3-6 oz. per acre in 1-5 gallons of spray.

MIXING

- (1) Prior to any herbicide application, all spray mixing and application equipment must be clean. Carefully observe all cleaning directions on the herbicide label.
- (2) Fill tank 1/3 to 1/2 full of water and begin agitation.
- (3) Slowly add the required amount of **DYNE-A-PAK®** and allow the product to completely disperse.
- (4) Continue filling spray tank with water and add herbicides and/or fertilizers as directed by label or in the following sequence:
 - A. Fertilizers and nutrients
 - B. Dry flowables and dispersible granules
 - C. Wettable powders
 - D. Flowables
 - E. Water-soluble herbicides
 - F. Emulsifiable concentrates

Terminology on this label is consistent with definitions approved by Subcommittee E-35.22 on Pesticide Formulations and Application Systems under the jurisdiction of ASTM Subcommittee E-35.

CONDITIONS OF SALE-LIMITED WARRANTY AND LIMITATIONS OF LIABILITY AND REMEDIES

Read the Conditions of Sale-Warranty and Limitations of Liability and Remedies before using this product. If the terms are not acceptable, return the product, unopened, and the full price will be refunded.

The directions on this label are believed to be reliable and must be followed carefully. Insufficient control of pests and/or injury to the crop to which the product is applied may result from the occurrence of extraordinary or unusual weather conditions or the failure to follow the label directions or good application practices, all of which are beyond the control of Helena Chemical Company (the "Company") or the seller. In addition, failure to follow label directions may cause injury to crops, animals, man or the environment. The Company warrants that this product conforms to the chemical description on the label and is reasonably fit for the purpose referred to in the directions for use subject to the factors noted above which are beyond the control of the Company. The Company makes no other warranties or representations of any kind, express or implied, concerning the product, including no implied warranty of merchantability or fitness for any particular purpose, and no such warranty shall be implied by law.

The exclusive remedy against the Company for any cause of action relating to the handling or use of this product shall be limited to, at Helena Chemical Company's election, one of the following:

1. Refund of the purchase price paid by buyer or user for product bought, or
2. Replacement of the product used

To the extent allowed by law, the Company shall not be liable and any and all claims against the Company are waived for special, indirect, incidental, or consequential damages or expense of any nature, including, but not limited to, loss of profits or income. The Company and the seller offer this product and the buyer and user accept it, subject to the foregoing conditions of sale and limitation of warranty, liability and remedies.
