5. Fire Fighting Measures

- Extinguishing Media** : Use dry chemical, water spray, water fog, foam, carbon dioxide or sand/earth.
Specific Hazards Arising from the Chemical : Emits carbon monoxide, carbon dioxide and oxides of sulfur under fire conditions.
Special Fire Fight Proc : Wear self-contained breathing apparatus and full protective clothing.

6. Accidental Release Measures

- Personal Precautions** : Keep unprotected and unnecessary personnel out of spill area.
Protective Equipment : Splashproof goggles or face shield, impervious gloves, impervious apron and footwear. Use NIOSH-approved respiratory protection if spray is present. Eyewash should be available in work area.
Emergency Procedures : Spilled material will be quite slippery.
Methods and Materials for Containment and Cleanup : Dike and absorb spilled material with an absorbent such as clay, sand or sawdust. Collect and transfer to suitable containers for proper disposal. Flush spill area with water, then absorb and place in same containers with other material.

7. Handling and Storage

- Precautions for Safe Handling** : Keep locked up and out of reach of children. Do not contaminate water, food or feed by storage, handling or disposal. Keep container tightly closed. Do not allow water to be introduced into the contents of the container.
Conditions for Safe Storage : Store in original container only. Store in a dry place. Temperatures below 25 Degrees F. may result in product crystallization. The product will readily reconstitute, however, with warmer temperatures and gentle agitation of the container.
