

EXTRA POINT LITE

WATER CONDITIONER and DRIFT RETARDANT

PRINCIPLE FUNCTIONING AGENTS:

Proprietary blend of water conditioning agents,
ammonium sulfate, and polyacrylamide 54%
Components ineffective as a spray adjuvant..... 46%
TOTAL..... 100%

KEEP OUT OF REACH OF CHILDREN WARNING

Harmful if swallowed, inhaled, or absorbed through skin.
Avoid contact with eyes and skin, may cause irritation.
Avoid breathing spray mist.

FIRST AID

**Call a poison control center or doctor immediately
for treatment advice.**

If Swallowed: Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison control center or doctor. Do not give anything by mouth to an unconscious person.

If on Skin or Clothing: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes.

If Inhaled: Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably mouth to mouth if possible.

If in Eyes: Hold eye open and rinse slowly and gently with water for 15-20 minutes.

Remove contact lenses if present, after the first 5 minutes, then continue rinsing eye. Have the product container with you when calling a poison control center or doctor, or going for treatment.

GENERAL INFORMATION

EXTRA POINT LITE is a blend, of water conditioning agents co-formulated with deposition aid/drift retardant. EXTRA POINT LITE is designed to maximize herbicide performance, by mitigating the antagonizing effects of hard water minerals, while improving spray deposition and reducing spray fines. Designed to hasten and improve herbicidal uptake, EXTRA POINT LITE includes a blend of ammoniacal nitrogen. For use with agricultural, rights-of-way, industrial, and forestry pesticide application markets.

DIRECTIONS FOR USE

READ AND FOLLOW DIRECTIONS FOR USE ON
HERBICIDE LABELS.

Do not use this product with herbicides that are not compatible in acidic conditions or low pH.

Do not use with sulfonyl urea or DSMA-based herbicides.

Do not use with tank mixes utilizing fixed copper fungicides such as cupric hydroxide, basic copper, COPPER COUNT N, or copper oxychloride.

Do not apply this product in such a manner, as to directly or through drift, expose workers or other persons.

Always jar test with tank mix herbicides prior to mixing.

Applicator must have experience with this product, or conduct a phytotoxicity trial, or use the directions from the products used in the tank mix.

It is recommended to use test areas when applying during high humidity, high temperatures or other possible situations where field practice is restricted.

1. Fill spray tank half full of water and begin agitation.
2. Add desired rate of EXTRA POINT LITE to water before adding pesticides.
3. Add pesticides, as directed by label, while maintaining agitation.

NOTE: If pesticide label recommends the addition of a surfactant follow instructions accordingly. This product is not a replacement for a surfactant.

RECOMMENDED USE RATES

The optimal rate of EXTRA POINT LITE will vary with environmental conditions and spray water quality. As growing and application conditions change, rates may be adjusted accordingly.

Ground and Aerial: 4-10 pints / 100 gallons of spray solution (0.50 to 1.25% v/v).

Spray Application Volumes 3 to 15 GPA:

STANDARD RATE: 4-6 pints / 100 gallons of spray solution (0.5 to 0.75% v/v).

Spray Application Volumes > 15 GPA:

STANDARD RATE: 6-8 pints / 100 gallons of spray solution (0.75 to 1.0% v/v).

For improved deposition aid and drift control, use at 1.00 to 1.25% v/v of spray solution.

Storage: Store in original container. Keep tightly closed and do not allow other chemicals to be introduced into the container. Do not contaminate water sources by runoff from cleaning of equipment, disposal of equipment washwaters or spray waste.

Disposal: Triple rinse (or equivalent) during mixing and loading. Dispose of container in accordance with all federal, state and local regulations.

WARRANTY

Seller warrants that this product conforms to its chemical description and is reasonably fit for the purpose stated on the label, when used in accordance with directions under normal conditions of use, but neither this warranty nor any other warranty of merchantability or fitness for a particular purpose, expressed or implied, extends to the use of this product contrary to label instructions, or under abnormal conditions, or under conditions not reasonably foreseeable to the seller, and buyer assumes the risk of any such use.
