

AGRO-CULTURE LIQUID FERTILIZERS

MATERIAL SAFETY DATA SHEET

A. GENERAL INFORMATION**Trade name:** HI-NRG-R**Chemical Name:** 24-N-nitrogen**Address:** C.O.G. Marketers, LTD.
3055 W. M-21
St. Johns, MI 48879**Contact:** Production Manager**Phone:** (989) 224-4117 or 1-800-678-9029
After Business Hours - (989) 224-2562**Revised Date:** May 27, 2008**B. FIRST AID****Eye Contact:** Flush eyes immediately and thoroughly with water for at least 15 minutes. If irritation persists, get medical attention.**Skin Contact:** Flush skin immediately and thoroughly with water. If irritation persists, get medical attention.**Inhalation:** Generally not considered an inhalation hazard.**Ingestion:** If conscious, immediately give large quantities of water and induce vomiting. Consult a physician.**C. HAZARDS INFORMATION - HEALTH****Inhalation:** If misty condition prevails, may irritate.**Ingestion:** Large doses of ammonium salts may give diarrhea or diuresis. Low oral toxicity.**Skin:** Low skin irritation potential. (pH 7.3 – 7.5)**Eyes:** Low eye irritation potential. (pH 7.3 – 7.5)

C. HAZARDS INFORMATION - FIRE & PROTECTION

Unusual fire and explosion hazards:

When heated, it may give off ammonia fumes. (This material is a fire retardant.)

D. PRECAUTIONS-PROCEDURES

Fire extinguishing agents recommended:

All standard agents are acceptable.

Special fire fighting precautions:

Due to possible evolution of ammonia, wear self contained breathing apparatus approved by Niosh. Use water spray to keep containers cool.

Ventilation: Unless heated to evolve ammonia or misted by heat, agitation, or spraying, natural ventilation should be adequate.

Normal Handling: Avoid breathing mist, if any should be formed. Minimize contact of liquid with eye, skin, and clothing. Use good personal hygiene and housekeeping.

Storage: Avoid using containers, pipes and fittings made of aluminum, mild steel, zinc-clad or copper bearing alloys.

Spill or Leak: Contain spills and maximize recovery. Mop up or pump up promptly into metal or plastic drum. (Caution should be exercised in the area of spilled material since HI-NRG-R can cause a slippery condition.)

E. PERSONAL PROTECTIVE EQUIPMENT

Respiratory Protection: Respirators are not required under normal ventilated conditions.

Eyes and Face: Safety glasses are recommended.

Hands, Arms, & Body: Rubber coated gloves and clothing which minimize skin exposure are recommended if there is prolonged or repeated exposure of skin to liquid.

F. PHYSICAL DATA

Material is: Liquid (at normal conditions.)

Appearance & Odor: Clear odorless liquid.

Specific Gravity: 1.174

pH: 7.3 – 7.5

G. ENVIRONMENTAL

EPA Hazardous substance: NO
