1. IDENTIFICATION

- Chemical Name: NA
- Chemical Family: Alkyl polyethylene ethers, polymerized resins and fatty acids
- CAS #: NA
- CAS Name: NA
- Synonyms / Common Name: Adjuvant
- DOT Information: Not applicable for all size containers.
- See Addendum: Ref. PAGE:

2. PHYSICAL DATA

- Appearance: Milky
- Color: Milky
- State: Liquid
- Odor Characteristics: Soapy odor
- pH: NA
- Viscosity: NA
- Specific Gravity (Water = 1): 0.982
- Vapor Density (Air = 1): Not determined
- Vapor Pressure: Not determined
- Melting Point: Not determined
- Boiling Point: Not determined
- Flash Point: >200°F
- Freezing Point: Not determined
- Percent Volatility: Not determined
- Evaporation Rate (BAc = 1): Not determined
- Solubility in Water: Miscible
- Solubility in Oil: Not determined
- Solubility in Acetone: Not determined

3. INGREDIENTS - HAZARDOUS

4. FIRE AND EXPLOSION HAZARD DATA

- Flash Point: > 200°F
- Flammable Limits in Air % by volume: Lower NA, Upper
- Extinguishing Media: Dry chemical, carbon dioxide, foam and water spray. Water can be used to cool fire exposed containers
- Special Fire Fighting Procedures: Wear positive pressure self-contained breathing apparatus and full protective clothing. Avoid getting water from fire fighting into domestic or irrigation water supplies.
- Unusual Fire & Explosion Hazards: Containers may rupture violently if overheated. After fire is controlled, do not handle containers until they returned to ambient temperatures. Do not spray a solid stream of water or foam into hot burning liquid.
5. HEALTH HAZARD DATA

Threshold Limit Value:

Effects of Overexposure:

Inhalation: Vapor or mist can irritate nose, throat, and chest.

Skin Contact: Brief contact with this material should not produce harmful effects, but prolonged contact with this material, may cause irritation.

Eye Contact: May cause eye irritation and damage to the eye.

Ingestion: May cause nausea, abdominal discomfort, vomiting and diarrhea.

Delayed Effects: None known

Medical Conditions Aggravated by Exposure: None known

6. FIRST AID MEASURES

Inhalation: Move to fresh air. If breathing becomes difficult, consult a physician.

Skin Contact: Remove contaminated clothing. Wash skin thoroughly with soap and water. If irritation develops, consult a physician.

Eye Contact: Flush eyes with water for 15 minutes, holding eyelids open. If irritation develops, consult a physician.

Ingestion: Do Not induce vomiting. Never give anything by mouth to an unconscious person. Obtain medical attention immediately.

NOTES TO PHYSICIAN:

7. REACTIVITY DATA

Stability: Stable

Incompatibility: Do not allow contact with strong oxidizing and reducing agents. Do not mix with other drift control agents.

(materials to avoid)

Hazardous Combustion or Decomposition Products: Product may produce carbon dioxide and or carbon monoxide under fire conditions

Hazardous Polymerization: Will not occur.

Conditions to Avoid: None currently known.

8. SPILL OR LEAK PROCEDURES

Actions to take for Leaks & Spills: Eliminate ignition sources. Dike and contain. If uncontaminated, reuse product. If contaminated, absorb spill with clay, sand, or sawdust. Place in a chemical waste container for proper disposal. Spill area will be quite slippery.

Waste Disposal Method: This material must be disposed of according to federal, state, and local procedures under the resource conservation and recovery act.
9. SPECIAL PROTECTION INFORMATION

- **Respiratory Protection:** Wear suitable respirator where exposure limits are exceeded.
  - **Eye Protection:** Splash proof goggles.
  - **Skin Protection:** Impervious gloves.
  - **Other Clothing:** Long sleeve shirt, pants or coveralls, and shoes plus socks
  - **Other Equipment:** Eye wash station should be nearby.

10. HANDLING AND STORAGE

- **Special Precautions:** Keep out of reach of children. Do not store with food, feed, or other material to be used or consumed by humans or animals. Do no contaminate water supplies, lakes, streams, or ponds.
- **Other Precautions:** None currently known.

11. REGULATORY INFORMATION

- **Workplace Classification:** Caution

12. TOXICOLOGICAL INFORMATION

- **Acute Data:** Oral toxicity (Rats) LD50 > 5000 mg/kg
- **Reproductive / Teratology Data:** Not known

13. ECOLOGICAL INFORMATION

- **Fate in the Environment:** Not Known

14. DISPOSAL CONDITIONS

- **Procedures:** Dispose of unrecoverable material in accordance with Federal, State, and Local regulations

15. TRANSPORTATION INFORMATION

- **DOT Classification:** Not regulated by DOT.
- **Warning Labels:**
