DERIVED FROM: Triazone, Methylene Urea, Urea, Zinc EDTA and IDS, Manganese EDTA and IDS, Copper EDTA and IDS, and Boric Acid.

*15.6% Slowly Available Nitrogen from Triazone and Methylene Urea.

**NDemand HIGH END contains 2.73 pounds of nitrogen per gallon.**

**WARNING:** This fertilizer contains Boron. Its use on any other plants or under any other conditions other than those specified on the label may result in plant injury.

**FIRST AID**

In all cases, call a poison control center or doctor for further treatment advice.

**IF SWALLOWED:**

- Call Poison Control Center or doctor immediately.
- Have person sip a glass of water if able to swallow.
- Do not induce vomiting unless told to by a poison control center or doctor.
- Do not give anything to an unconscious person.
- **IF ON SKIN,** take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. **IF INHALED,** move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration. **IF IN EYES,** hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing.

**KEEP OUT OF REACH OF CHILDREN**

**PRECAUTION**

Do not ingest. Avoid contact with skin, eyes or clothing. Avoid breathing dust, vapor or mist.

Information regarding the contents and levels of metals in this product is available on the internet at [http://www.aapco.org/metals.htm](http://www.aapco.org/metals.htm)

**GENERAL INFORMATION**

NDemand® HIGH END is a prescription formulated foliar fertilizer with a dual micronutrient chelation system containing IDS and EDTA chelates. NDemand HIGH END is a low salt index, low biuret foliar nutrient providing crop safety, efficient plant uptake and rapid crop response. NDemand HIGH END is designed primarily for foliar applications to prevent or correct nutrient deficiencies in a wide range of agronomic and ornamental plants. Its use is suggested as a supplement to a regular, balanced fertilizer program to enhance yields and improve quality. Application of NDemand HIGH END is a means of obtaining a quick response to needed elements. Foliar applications of NDemand HIGH END may be beneficial during periods of peak nutrient demand, for crops grown on soils having poor nutrient availability or to crops beneficial during periods of peak nutrient demand, for crops. Foliar applications of NDemand HIGH END may be particularly beneficial during periods of peak nutrient demand, for crops grown on soils having poor nutrient availability or to crops suffering from a weakened root system.

NDemand HIGH END should be used as part of a comprehensive Total Nutrition System® for optimizing plant growth, development, yield and quality.

**DIRECTIONS FOR USE**

NDemand HIGH END may be applied as a foliar spray by air, ground concentrate or dilute. Maintain agitation to provide uniform distribution within spray tank. Use of a high quality CPDA approved spreader, such as R-11®, at recommended rates to improve spray cover is usually advised. Do not apply when plants are under excessive heat or moisture stress. Applications of foliar nutrients to leafy vegetables or soft-skinned fruits during periods of excessive temperatures may cause cosmetic injury. Applications of certain micronutrients to fleshy fruits within 30 days of harvest may result in staining of rind or skin.

**APPLICATIONS**

- **Apples and Pears:** Do not use in-season on bearing apples and pears. May be used post-harvest at rates up to 4 gallons per acre. May cause some leaf desiccation. May be used in-season on non-bearing orchards at 1-5 gallons per acre.
- **Corn:** Apply 1-3 gallons per acre pre-tassel or 1-5 gallons as needed for supplemental nitrogen.
- **Soybeans:** Apply 1-3 gallons per acre early in the season. 
- **Wheat:** Apply 1-3 gallons per acre from 4-6 leaf to joint.
- **Vegetables:** Apply 1-3 gallons per acre as needed.

**COMPATIBILITY**

NDemand HIGH END is compatible with many co-applied nutrient sources as well as crop protection chemicals. Always jar test new combinations for compatibility prior to field mixing. Care should be taken not to blend NDemand HIGH END with highly acidic materials. **SPECIFIC CONSIDERATIONS:** NDemand HIGH END has an alkaline pH and may raise spray solution pH. When tank mixed with materials sensitive to alkaline hydrolysis, the use of a buffer or acidifier at recommended rates is advised. Add buffer or acidifier to spray tank prior to adding NDemand HIGH END. Reducing spray solution pH below 5.0 - 5.5 may result in precipitation.

**STORAGE AND DISPOSAL**

Do not contaminate water, food or feed by storage, disposal or cleaning of equipment.

Store in a safe manner. Store in original container only and keep tightly sealed when not in use. Dispose of unused product and empty containers in accordance with Federal, State and local regulations.

For chemical spills, leaks, fire or exposure, call CHEMTREC: (800) 424-9300.

**CONDITIONS OF SALE AND LIMITATION OF WARRANTY AND LIABILITY**

**NOTICE:** Read the entire Directions for Use and Conditions of Sale and Limitation of Warranty and Liability before buying or using the product. If the terms are not acceptable, return the product at once, unopened, and the purchase price will be refunded.

The Directions for Use of the product should be followed carefully. It is impossible to eliminate all risks inherently associated with the use of this product. Crop injury, ineffectiveness, or other unintended consequences may result because of many different factors including, without limitation, manner of use or application, weather, combination with other products, or crop conditions. All such risks shall be assumed by Buyer and User, and Buyer and User agree to hold Manufacturer and Seller harmless from any claims relating to such factors.

Seller warrants that this product conforms to the chemical description on the label. **EXCEPT FOR THIS WARRANTY, THE PRODUCT IS FURNISHED “AS-IS,” AND NEITHER SELLER NOR MANUFACTURER MAKES ANY OTHER WARRANTIES, EXPRESS OR IMPLIED, WITH RESPECT TO THE SELECTION, PURCHASE OR USE OF THIS PRODUCT; SELLER AND MANUFACTURER SPECIFICALLY DISCLAIM ANY WARRANTY OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE.** Buyer and User accept all risks arising from any use of this product, including without limitation uses contrary to label instructions, under abnormal conditions, or under conditions not reasonably foreseeable to (or beyond the control of) Seller or Manufacturer.

To the extent permitted by law, neither Manufacturer nor Seller shall be liable for any incidental, consequential or special damages resulting from the use or handling of this product. **THE EXCLUSIVE REMEDY OF THE BUYER OR USER, AND THE EXCLUSIVE LIABILITY OF MANUFACTURER AND SELLER, FOR ANY AND ALL CLAIMS, LOSSES, INJURIES OR DAMAGES (INCLUDING CLAIMS BASED ON BREACH OF WARRANTY, CONTRACT, NEGLIGENCE, TORT, STRICT LIABILITY OR OTHERWISE) RESULTING FROM THE USE OR HANDLING OF THIS PRODUCT, SHALL BE THE RETURN OF THE PURCHASE PRICE OF THIS PRODUCT, OR, AT THE ELECTION OF MANUFACTURER OR SELLER, THE REPLACEMENT OF THE PRODUCT.**

These Conditions of Sale and Limitation of Warranty and Liability shall be interpreted in accordance with the laws of the State of California, excluding its conflicts of laws rules, and may not be amended by any oral or written agreement.
