PRODUCT INFORMATION

NAVIGATOR HC is a superior blend of highly refined paraffinic oil and non-ionic surfactants. The product is designed for use with a broad range of pesticides where an oil concentrate adjuvant is recommended. **NAVIGATOR HC** combines crop oil and surfactant characteristics to improve wetting, spreading and penetrating properties while also reducing evaporation time to allow the active ingredient a better opportunity to perform its intended function.

ADDITIONAL FIRST AID

Call a poison control center or doctor immediately for treatment advice. Have the product container with you when calling a poison control center or doctor, or going for treatment.

IF IN EYES: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses if present, after the first 5 minutes, then continue rinsing eye.

IF ON SKIN OR CLOTHING: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes.

IF SWALLOWED: Immediately call a poison control center or doctor. Do not induce vomiting unless told to do so by a poison control center or doctor. Do not give any liquid to the person. Do not give anything by mouth to an unconscious person.

IF INHALED: Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably mouth to mouth if possible.

DIRECTIONS FOR USE

To prepare for pesticide application, fill spray tank one-half full with water and begin agitation. Add pesticide or fertilizer as recommended and then add **NAVIGATOR HC**, while continuing agitation. Continue to agitate, until tank is full and agitate before and during each application.

NOTE: The effect of any adjuvant on a chemicals performance is not predictable under all conditions of weather, plant vigor, application methods and even water types. The user should consult his local agricultural extension agent or make his own tests to determine the optimum level of **NAVIGATOR HC** for special pesticide spray and crop.

SUGGESTED USE RATES

Ground, Aerial, Low volume, CDA:

Use 2-4 pints per 100 gallons water or 0.25-0.50% v/v concentration.

Always follow pesticide label recommendations. Care should be taken in treating sensitive crops during drought stress, high temperatures and high humidity.

STORAGE AND DISPOSAL

STORAGE

For optimum storage stability, store at temperatures between 40 °F (5 °C) and 90 °F (32 °C).

DISPOSAL

Triple rinse. Then offer container for recycling or reconditioning, or puncture and dispose of in a sanitary landfill. If incineration is allowed, stay out of smoke.

Material must be disposed of according to all local state and federal laws.

WARRANTY

Seller warrants that this product conforms to its chemical description and is reasonably fit for the purpose stated on the label when used in accordance with directions under normal conditions of use, but neither this warranty nor any other warranty of merchantability or fitness for a particular purpose, expressed or implied, extends to the use of this product contrary to label instructions, or under abnormal conditions, or under conditions not reasonably foreseeable to the seller, and buyer assumes the risk of any such use.
