

Safety Data Sheet

Report Date 02-May-15

Page 1 of 4

1. Identification

Product Name : PRO-MATE MASK-IT
Synonyms : None
Product Use : Bubblegum Masking Scent - Fragrance
Manufacturer/Supplier : Helena Chemical Company
Address : 225 Schilling Blvd. Collierville, TN 38017
General Information : 901-761-0050
Transportation Emergency Number : CHEMTREC:800-424-9300

2. Hazard Identification

Signal Word : Warning
Skin Irritation : Causes skin irritation.
Eye Irritation : Causes serious eye irritation.
Acute Toxicity Oral : No data available
Acute Toxicity Dermal : No data available

Hazard Categories : Skin/Eye/Respiratory Irritation - 2/2A/3; Skin Sensitization - 1B;
Flammable Liquid and Vapor - 3

Hazard Statement : Causes serious eye irritation
Causes skin irritation
May cause an allergic skin reaction
May cause respiratory irritation
May cause drowsiness or dizziness
Flammable liquid and vapour

3. Composition / Information on Ingredients

Component	CAS Number	Weight %
Polyethylene glycol	25322-68-3	1-5
Proprietary	Proprietary	50-60
Nonhazardous ingredients	Nonhazardous	35-49

4. First Aid Measures

Eye : Hold eyes open and rinse slowly and gently with water for 15 to 20 minutes. Remove contact lenses, if present, after first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for further treatment advice.

Skin : Take off contaminated clothing. Rinse skin immediately with plenty of water for 15 to 20 minutes. Call a poison control center or doctor for treatment advice.

Inhalation : Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably mouth-to-mouth, if possible. Call a poison control center or doctor for further treatment advice.

Ingestion : Call a poison control center or doctor immediately for treatment advice. Rinse mouth with water. Do not induce vomiting. Do not give anything by mouth if unconscious.

Safety Data Sheet

Report Date 02-May-15

Page 2 of 4

Indication of Immediate Medical Attention and Special Treatment Needed : Treat symptomatically.

5. Fire Fighting Measures

- Extinguishing Media** : Use alcohol-type or universal type foams on large fires. Smaller fires should be extinguished with carbon dioxide or dry chemical. Do not use water or foam directly on a fire.
- Specific Hazards Arising from the Chemical** : May produce oxides of carbon under fire conditions.
- Special Fire Fight Proc** : Wear self-contained breathing apparatus and full protective clothing.

6. Accidental Release Measures

- Personal Precautions** : Keep unprotected and unnecessary personnel out of spill area. Wear suitable protective equipment.
- Protective Equipment** : Splashproof goggles or face shield, chemical-resistant gloves, long-sleeved shirt and long pants. Use NIOSH-approved respirator for organic vapors if ventilation is inadequate. Eyewash and emergency shower should be available in work area.
- Emergency Procedures** : Surround and absorb all spills. Do not contaminate water supplies, lakes, streams, ponds, drains or sewers.
- Methods and Materials for Containment and Cleanup** : Material should be collected and disposed of in a proper manner. Dike the area to prevent spreading. Soak up spill with suitable absorbent such as clay, sawdust or kitty litter. Sweep up absorbed material and place in a chemical waste container for disposal.

7. Handling and Storage

- Precautions for Safe Handling** : Keep out of reach of children. Read label before use. Keep away from heat, sparks, open flames or hot surfaces. Ground/bond container and receiving equipment. Use explosion-proof electrical, ventilation, lighting and equipment. Use only non-sparking tools. Take precautions against static discharge. Do not eat, drink or smoke when using this product. Use only outdoors or in a well-ventilated area.
- Conditions for Safe Storage** : Store locked up. Store in a cool, well-ventilated place. Keep cool. Keep in original container, tightly closed. Do not reuse empty container. Do not store with food, feed, or other material to be used or consumed by humans or animals. Do not contaminate water supplies. For optimal storage, store between 40 Degrees F. and 90 Degrees F.

8. Exposure Controls / Personal Protection

- TLV/PEL** : Not determined for mixture
- Appropriate Engineering Controls** : Use only outdoors or in a well-ventilated area.
- Personal Protective Equipment** : Splashproof goggles or face shield, chemical-resistant gloves, long-sleeved shirt and long pants. Use NIOSH-approved respirator for organic vapors if ventilation is inadequate. Eyewash and emergency shower should be available in work area.

9. Physical and Chemical Properties

Safety Data Sheet

Report Date 02-May-15

Page 3 of 4

Odor/Appearance : Clear gold liquid with bubble gum odor.
Flash Point, °F : 104 Degrees F.
Boiling Point, °F : Not determined
Melting Point(Freezing point), °C : Not determined
Vapor Pressure, mm Hg @ 20 °C : Not determined
Vapor Density : Not determined
Solubility in Water : Dispersible
Molecular Formula : Not applicable, formulated mixture.
Density, g/mL @ 25 °C : 1.032 to 1.046
Evaporation Rate(Butyl Acetate = 1) : Not determined
Octanol/Water Partition Coefficient : Unknown
pH : Not applicable
Flammable Limits (approximate volume % in air) : No information found
Auto-ignition Temperature : Not determined
Decomposition temperature : Unknown

10. Stability and Reactivity

Reactivity : Unknown
Chemical Stability : Stable
Hazardous Decomposition Products : During combustion, produces oxides of carbon.
Hazardous Polymerization : Will not occur
Conditions to Avoid : Avoid heat, sparks and flames.
Incompatible Materials : Strong oxidizers, strong acids.

11. Toxicological Information

Acute Toxicity (Oral LD50) : No data available. Not classified for oral toxicity.
Acute Toxicity (Dermal LD50) : No data available. Not classified for dermal toxicity.
Acute Toxicity Inhalation LC50 : No data available. May cause drowsiness or dizziness.
Likely Routes of Exposure : Skin, eyes, inhalation
Skin Irritation : Causes skin irritation.
Eye Irritation : Causes serious eye irritation.
Skin Sensitization : May cause an allergic skin reaction.
Carcinogenic : Not listed by IARC, NTP, or OSHA.
Chronic Effects : None currently known.
Other Hazards : No information found

12. Ecological Information

Ecotoxicity : No information found
Persistence and Degradability : No information found
Bioaccumulative Potential : No information found
Mobility in Soil : No information found
Other Adverse Effects : No information found

13. Disposal Considerations

Safety Data Sheet

Report Date **02-May-15**

Page 4 of 4

Waste Disposal Method : This material must be disposed of according to Federal, State, or Local procedures under the Resource Conservation and Recovery Act.

14. Transport Information

UN Proper Shipping Name : Not regulated by D.O.T. Regulated if shipped by air (IATA) or water (IMDG).
Transport Hazard Class : None
UN Identification Number : None
Packaging Group : None
Environmental Hazards : No information found
Transport in Bulk : No information found
Special Precautions for Transportation : If shipped by air (IATA) or water (IMDG), ship as UN3266, Perfumery Products with Flammable Solvents, (Ethyl, Amyl Acetate), 3, PG III "ERG # 128"
Freight Classification : Adhesives, Adjuvants, Spreaders or Stickers, N.O.I. (NMFC Item 42652, Class 60)

15. Regulatory Information

National Fire Protection Association Rating :

Health: 2 Fire: 2 Reactivity: 1
Rating Level: (4-Extreme, 3-High, 2-Moderate, 1-Slight, 0-Minimum)

S.A.R.A Title III Hazard Classification (Yes/No) :

Immediate(Acute) Health: Y
Delayed (Chronic) Health: N
Sudden Release of Pressure: N
Fire: Y
Reactive: N

16. Other Information

Data of Preparation/Revision : 02-May-2015
