**STOP – Read the label before use. Keep out of reach of children.**

**CAUTION**

**PARA EL USUARIO:** Si usted no lee o entiende inglés, no use este producto hasta que le hayan proporcionado instrucciones que figuren en la etiqueta. (To the user: If you cannot read or understand English, do not use this product until you have been fully instructed.)

**Hazard Statements:**
- H335: Harmful if swallowed or absorbed through skin. Causes eye irritation. Avoid contact with skin, eyes, or clothing. Wash eyes/rinses eyes.
- H317: May cause long-term adverse health effects. Avoid contact with eyes, skin, or clothing.

**PRECAUTIONARY STATEMENTS:**
- **Restrictions:** Do not formulate into other end-use products.

**Agricultural Hazards:**
- Do not apply more than 80 lb (0.4 lb of active ingredient) per year. Do not apply more than 20 lb as an individual ingredient per year.

**RESTRICTIONS:**
- Do not formulate into other end-use products.
- Do not mix or combine with any other product except as noted on the label.

**Not for use:**
- In commercial greenhouses, nurseries, on sod farms or on grass grown for seed.
- For use on plants that are being stored for more than 30 days, as determined by the grower.

**Directing applications even to properties not directly adjacent to the site of use requires a crop consulting certificate.**

**Do not contaminate water, food, or feed by storage or disposal.**

**Do not apply more than 80 lb (0.4 lb of active ingredient) per year. Do not apply more than 20 lb as an individual ingredient per year.**

**LIMITATIONS OF LIABILITY:**
- TO THE EXTENT CONSISTENT WITH APPLICABLE LAW, BAYER CORPORATION MAKES NO OTHER WARRANTIES, EXPRESS OR IMPLIED, OF MERCHANTABILITY OR OF FITNESS FOR A PARTICULAR PURPOSE OR OTHER-WISE THAT EXTEND BEYOND THE STATEMENTS MADE ON THIS LABEL. NO AGENT OF BAYER CORPORATION IS AUTHORIZED TO MAKE ANY WARRANTIES BEYOND THOSE CONTAINED HEREIN OR TO MODIFY THE WARRANTIES CONTAINED HEREIN. TO THE EXTENT CONSISTENT WITH APPLICABLE LAW, BAYER CORPORATION DISCLAIMS ANY LIABILITY WHATSOEVER FOR SPECIAL, INCIDENTAL OR CONSEQUENTIAL DAMAGES, RESULTING FROM THE USE OR HANDLING OF THIS PRODUCT. THIS PRODUCT IS SOLD UNDER NO OTHER WARRANTIES, EXPRESS OR IMPLIED, OF MERCHANTABILITY OR OF FITNESS FOR A PARTICULAR PURPOSE OR OTHER-WISE THAT EXTEND BEYOND THE STATEMENTS MADE ON THIS LABEL.

**APPLICATION EQUIPMENT**
- Apply PROKOZ ZENITH 0.5 G Insecticide uniformly over the area being treated with normally used garden application equipment. Both drop-type and bank spreaders may be used to apply PROKOZ ZENITH 0.5 G Insecticide. Do not use spreaders that would apply the material in concentrated bands. Calibrate application equipment prior to use according to the manufacturer’s instructions. Tank mix frequency is to be ensured by working properly and distributing paraoxon uniformly and accurately.

**APPLICATION RATES**

For the active ingredient, apply in accordance with label directions and growing conditions. If applications is made prior to the first 100% hatching, the active ingredient is designed to provide residual control from the time of application. If applied when the treated turf is in such a condition that the rainfall or irrigation will penetrate vertically in the treated area, applications can be made following the sprigging activity of the target pests. The spraying of excessive surfactants, make applications prior to the hatching of the first infestations. If it is applied more than 10 days after use of the third infestation, move to the active ingredient into the soil. Avoid contact or petting of irrigation water follows applications.

CAUTION

Hazardous if swallowed or absorbed through skin. Causes eye irritation. Avoid contact with skin, eyes, or clothing. Wash skin thoroughly after exposure. Avoid contact with eyes. Wear gloves and protective clothing when using this product, especially if washing treated areas by hand or with a brush. Avoid the urge to touch or rub treated areas or clothing affected by this product. Avoid inhaling spray drift or vapor that may be generated from spraying, when treated areas are reached by wind, by application, or by reentry. Use of this product may be associated with health or safety concerns, and may cause injury or disease. Do not use product in or on commercial sod farms. Do not use this product in or on golf courses or lawns and grounds.

FIRST AID

If swallowed
• Call a poison control center or doctor immediately for treatment advice.
• Do not induce vomiting or give anything by mouth to an unconscious person.
• Do not give anything by mouth to an unconscious person.

If in eyes
• Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye.
• Do not rub eye.
• Continue rinsing eye for at least 15 minutes.
• Call a poison control center or doctor for treatment advice.

If on skin or clothing
• Wash skin thoroughly after exposure. Avoid the urge to touch or rub treated areas or clothing affected by this product. Avoid inhaling spray drift or vapor that may be generated from spraying, when treated areas are reached by wind, by application, or by reentry. Use of this product may be associated with health or safety concerns, and may cause injury or disease.

In case of emergency call the Bayer Environmental Science Emergency Response Telephone No. 1-800-334-7577.

Note To Physician:
• Do not give anything by mouth to an unconscious person.
• Do not induce vomiting unless told to do so by a poison control center or doctor.
• Apply support system to control mechanical respiration, if necessary.
• Avoid incompatible or sensitizing drugs.

RESTRICTIONS
• Do not apply this product to or near any body of water or on food or animal areas where runoff or leaching may present a risk to aquatic organisms.

Hazardous if treated areas to sport facilities may cause injury or disease. Do not use in or near commercial sod farms. Do not use this product in or on golf courses or lawns and grounds.

APPLICATION EQUIPMENT

Apply PROKOZ ZENITH 0.5 G insecticide uniformly over the area being treated with normally used granular application equipment. Both drop-type and rotary-type spreaders may be used to apply PROKOZ ZENITH 0.5 G insecticide. Do not use equipment that would apply the material in concentrated bands. Calibrate equipment prior to use in accordance with the manufacturer’s directions. Check frequency to be sure to avoid working property and distribute properly uniformly and accurately.

APPLICATION RATES

CROP: Pest: Fertilizer
DOSAGE: PROKOZ ZENITH 0.5 G

APPLICATION EQUIPMENT

PROKOZ ZENITH 0.5 G is a broadcast application on ornamentals in commercial and residential landscapes. PROKOZ ZENITH 0.5 G is a systemic product and will be translocated upward within the plant. Optimum control will be achieved when sufficient mechanical incorporation, irrigation or rainfall occur to move the active ingredient into the soil. Make application prior to anticipated post-emergence to achieve optimum levels of control.

APPLICATION TO ORNAMENTALS

Do not use on or near commercial greenhouses, nurseries, or ornamental plantings for growing ornamental plant material intended for aromatic purposes or climatic modification or being grown in interior plant landscapes, ornamental gardens or parks, or on ornamental plantings on and around arbors, walls, or fountains. Do not apply more than 80 lb (34.8 lb of active ingredient) per acre per year.

GROUP 4A INSECTICIDE

PROKOZ ZENTHI® 0.5 G Insecticide

APPLICATION TO TURFGRASS

PROKOZ ZENTHI 0.5 G Insecticide can be used for the control of soil-inhabiting pests of turfgrass such as northern and southern billbugs, O. punctifasciatus; C. lurida; C. maculicollis; black chafer, C. maculicollis; European chafer, C. maculicollis; Listronotus maculicollis; white chafer, L. alternans; turf改为White grub larvae, P. joseniae; U. australis; U. longicollis; U. lineatum; Tipula; Blissus; European chafer; C. maculicollis; C. maculicollis; Japanese beetle, M. japonica; lantern fly, P. japonica; Oriental beetle, M. orientalis; and many other insects and arthropods that commonly cause damage to turfgrass. For optimum control, if rainfall does not occur within 24 hours after application, irrigate to move the active ingredient into soil. Avoid mowing turf or lawn area until after application. Avoid using spray equipment to apply this product due to the potential of injury from contact with this material. Avoid spraying on ornamentals or ornamental plantings. Do not apply with any product that contains an imidacloprid or pyrethroid insecticide.

For MEDICAL and TRANSPORTATION Emergencies Only. Call 24 Hours a Day 1-800-334-7577

Due to non-compliance with Federal labeling requirements (Section 333) of the Federal Insecticide, Fungicide and Rodenticide Act (FIFRA), the following restrictions apply:

Restrictions: This insecticide is flammable. Keep it away from equipment and fuel tanks. Do not apply more than 10% of the liquid insecticide per acre per year.

For information on other restrictions, contact your local USDA Agricultural Extension Service or State Extension Turf Specialist for specific information on timing of application.

For soil amendments, do not apply more than 0.4 lb per acre for any active ingredient per year per acre.

In case of emergency, call the Bayer Environmental Science Emergency Response Telephone No. 1-800-334-7577 or contact Chemtrec at 1-800-424-9300. Have a product container or label with you when calling a poison control center or doctor, or going for treatment.

This insecticide is flammable. Keep it away from equipment and fuel tanks.

Do not apply in spray equipment or irrigation equipment that has been started up within the past 24 hours. Do not apply on turfgrass used for hay production.

Weigh all agrochemicals to avoid exceeding the total application rate. Do not exceed the label rate. Do not apply more than the label rate of any active ingredient (s) per acre per year. Do not apply within 100 feet of surface or subsurface irrigation equipment. Do not apply to soil after seed has emerged. Do not apply to areas where ponies are present.

Do not apply this insecticide to a susceptible weed or plant species that is not tolerant of this insecticide. Do not apply to turfgrass used for soil amendments or irrigation equipment. Do not apply more than 10% of the liquid insecticide per acre per year per acre. Do not apply within 100 feet of surface or subsurface irrigation equipment. Do not apply to soil after seed has emerged.

The following restrictions apply:

Do not apply more than 0.4 lb of active ingredient per acre per year. Do not apply to soil after seed has emerged. Do not apply within 100 feet of surface or subsurface irrigation equipment.
STOP – Read the label before use. Keep out of reach of children.

CAUTION

PARA EL USUARIO: Si usted no lee o entiende inglés, no use este producto hasta que le hayan explicado completamente las instrucciones que figuran en la etiqueta. (TO THE USER: If you cannot read or understand English, do not use this product until the label has been fully explained to you.)

For MEDICAL and TRANSPORTATION Emergencies Only Call 24 Hours A Day 1-800-334-7577

Except for applications to trees, shrubs, ornamentals, and vegetables, greenhouse and indoor plants, this product should conform to resistance management strategies established for the use area.

Do not use on plants to be grown for seed.

To the extent consistent with applicable law, the exclusive remedy of the user or purchaser shall be the replacement of this product or the refund of the purchase price thereof. Bayer is not liable for any incidental, special, or consequential damages, resulting from the use or handling of this product.

Read the entire Directions for Use, Conditions, Disclaimer of Warranties and Limitations of Liability before using this product.
