Nichino America, Inc.
STRADA® Herbicide
Safety Data Sheet

1. IDENTIFICATION

Product Name: STRADA® Herbicide
General Use: Herbicide
Product Description: Water dispersible granule
EPA Reg. No.: 71711-44

Manufacturer
Main Headquarters: Nihon Nohyaku Co., Ltd., Kyobashi OM Building, 19-8 Kyobashi 1-chome, Chuo-ku, Tokyo 104-8386 JAPAN

US Connection: Nichino America Inc.
4550 New Linden Hill Road, Suite 501
Wilmington, Delaware 19808, USA
Phone: 302-636-9001
Fax: 302-636-9122

Emergency and health and safety inquiries: (800) 348-5832 (24 hours)
In case of fire or spills: (800) 424-9300 (24 hours)
In case of international shipments: (703) 527-3887 (24 hours)

2. HAZARD(S) IDENTIFICATION

Classified according to OSHA 29 CFR 1910.1200 HCS

Classification: Carcinogenicity 1A
Combustible Dust

Signal word: DANGER

Hazard statements: May cause cancer.
May form combustible dust concentrations in the air.
Precautionary statements

Prevention:
Wash thoroughly after handling. Do not eat, drink, or smoke when using this product.
Do not breathe dust.

Response:
If swallowed: Call a poison center if you feel unwell. Rinse mouth.
If exposed or concerned: Call a poison center/doctor for treatment advice.

Storage:
Store locked up.

Disposal:
Dispose of contents/container in accordance with local/regional/national/international regulations.

3. COMPOSITION / INFORMATION ON INGREDIENTS

4. FIRST AID MEASURES

Ingestion
Call poison control center or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by the poison control center or doctor. Do not give anything by mouth to an unconscious person.
### Skin Contact
Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for further treatment advice.

### Inhalation
Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably by mouth-to-mouth, if possible. Call a poison control center or doctor for further treatment advice.

### Eye Contact
Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for further treatment advice.

### Most important symptoms and effects, both acute and delayed
Refer to Section 11 for Toxicological Information.

## 5. FIRE FIGHTING MEASURES

<table>
<thead>
<tr>
<th>Suitable extinguishing media</th>
<th>Water, CO2, Foam, Chemical powders, according to material involved in the fire.</th>
</tr>
</thead>
<tbody>
<tr>
<td>Unsuitable extinguishing media</td>
<td>No information available</td>
</tr>
<tr>
<td>Specific hazards arising from the chemical (e.g. nature of any hazardous combustion products)</td>
<td>Avoid inhaling the fumes which at high temperatures may contain toxic fumes such as CO(x), NO(x), and SO(x).</td>
</tr>
<tr>
<td>Special protective equipment and precautions for fire-fighters</td>
<td>Wear breathing protection (respirator) and standard protection equipment according to the materials involved in the fire.</td>
</tr>
</tbody>
</table>
6. ACCIDENTAL RELEASE MEASURES

General and Disposal: Use proper protective equipment to minimize personal exposure (see Section 8). Take all necessary action to prevent and to remedy the effects of the spill. Ensure that the disposal is in compliance with federal or local disposal regulations (see Section 13). Notify the appropriate authorities immediately (see Section 15 for any applicable Reportable Quantity (RQ)). Report to authorities if water enters watercourse or sewer.

Land Spill or Leak:
Evacuate non-essential personnel. Carefully sweep up, place in a metal drum and hold for waste disposal. Avoid raising dust. If a large spill occurs, wear protective clothing and self-contained breathing apparatus to avoid contact. Prevent spills from entering sewers, watercourse, or low areas.

Liquid spills on the floor or other impervious surfaces should be contained or diked and then absorbed with sawdust, sand, bentonite, or other absorbent clay. Collect contaminated absorbent, and place it in a metal drum. Thoroughly scrub the floor or other impervious surface with a strong industrial-type detergent and rinse with water.

Liquid spills that soak into the ground should be dug up and placed in metal drums. When a large spill or leakage is found, wear protective clothing and respirator to avoid exposure.

Avoid contaminated absorbents or water flow into ponds, rivers, and lakes, due to the danger of acute toxicity to aquatic organisms.

7. HANDLING AND STORAGE

Handling Precautions:
- Open container with care.
- Use adequate ventilation.
- Avoid handling near an open flame or heat source or ignition source.
- Do not contaminate water by cleaning of equipment or disposal of waste.
- Avoid contact with skin, eyes, or clothing.
- Do not eat, drink, smoke, or chew gum or tobacco while handling this product and until hands and face are thoroughly washed with soap and water.
- Do not use the toilet before thoroughly washing hands.
- Remove contaminated clothing immediately and wash thoroughly before reuse.
Storage Precautions:
- Keep container closed. Store in original container.
- Keep container at room temperature or store in a cool place.
- Avoid storage in direct sunlight, excessive heat or cold.

8. EXPOSURE CONTROLS / PERSONAL PROTECTION

Engineering Controls (Local exhaust): Ventilation may be necessary under certain confined conditions. If practical, use ventilation at the sources of air contamination. Control airborne contaminants below the exposure guidelines (see below for any applicable OSHA / ACGIH exposure limits).

Personal Protective Equipment (PPE):
Applicators and other handlers of agricultural products must wear:
- Long-sleeved shirt and long pants
- Shoes plus socks
- Chemical-resistant gloves made of any waterproof material
- Protective eyewear

Agricultural Use Requirements – for uses of this product that are covered by the Worker Protection Standard 40 CFR Part 170 – PPE required for early entry into treated areas:
- Coveralls
- Chemical-resistant gloves made of waterproof material
- Protective eyewear
- Shoes plus socks

Respiratory Protection: Ensure good ventilation. Avoid breathing dust. If ventilation is inadequate, use approved respiratory protection equipment when airborne exposure limits are exceeded.

Exposure Limits:

<table>
<thead>
<tr>
<th>Ingredient:</th>
<th>ACGIH</th>
<th>OSHA</th>
</tr>
</thead>
<tbody>
<tr>
<td>Kaolin CAS 1332-58-7</td>
<td>2 mg/m³ TWA (respirable)</td>
<td>5 mg/m³ TWA (respirable); 15 mg/m³ TWA (total dust)</td>
</tr>
<tr>
<td>Silica, Amorphous Diatomaceous Earth (CAS No. 61790-53-2)</td>
<td>-</td>
<td>20 mppcf (millions of particles per cubic foot of air, based on impinger samples counted by light-field techniques)</td>
</tr>
</tbody>
</table>
Key to abbreviations
ACGIH = American Conference of Governmental Industrial Hygiene
OSHA = Occupational Safety and Health Administration
TWA = Time Weighted Averages are based on 8h/day, 40h/week exposures

9. PHYSICAL AND CHEMICAL PROPERTIES

10. STABILITY AND REACTIVITY

<table>
<thead>
<tr>
<th>Property</th>
<th>Value</th>
</tr>
</thead>
<tbody>
<tr>
<td>Reactivity</td>
<td>No dangerous reaction known under conditions of normal use.</td>
</tr>
<tr>
<td>Chemical stability</td>
<td>Stable under normal conditions.</td>
</tr>
</tbody>
</table>
Possibility of hazardous reactions | Hazardous polymerization will not occur.
---|---
Conditions to avoid | None in particular.
Incompatible materials | No data available.
Hazardous decomposition products | No hazardous decomposition products if stored and handled as prescribed/indicated.

In the event of a fire,
Avoid inhaling the fumes which at high temperatures may contain toxic fumes such as CO(x), NO(x), and SO(x).

### 11. TOXICOLOGICAL INFORMATION

The following data were developed using formulated product:

**Acute Studies:**

| Oral LD<sub>50</sub> (rat): | >5000 mg/kg |
| Dermal LD<sub>50</sub> (rat): | >5000 mg/kg |
| Inhalation LC<sub>50</sub> (rat): | >5.00 mg/L (chemical determination); > 4.38 mg/L (gravimetric determination) (4 hrs) |
| Eye irritation (rabbit): | Not an irritant |
| Skin irritation (rabbit): | Not an irritant |
| Skin sensitization (guinea pig): | Not a sensitizer |

The following data were developed using orthosulfamuron technical:

**Chronic Effects:**
Target organ effects observed after repeated long-term exposure to orthosulfamuron included liver, kidney, and thyroid toxicity.

**Cancer Effects:**
Orthosulfamuron has not been classified as carcinogenic by NTP, OSHA, or IARC. In male rats, long-term administration of orthosulfamuron resulted in an increased incidence of thyroid follicular cell adenomas. There was no evidence of carcinogenic effects in female rats or male or female mice. The EPA has
classified orthosulfamuron as demonstrating “suggestive evidence of carcinogenicity”.

**Teratogenicity (Birth Defects):**
Orthosulfamuron is not a developmental toxicant.

**Reproductive Effects:**
Orthosulfamuron is not a reproductive toxicant.

**Neurotoxicity:**
There was no evidence of neurotoxicity in either short-or long-term studies with orthosulfamuron.

**Immunotoxicity:**
There was no evidence of immunotoxicity in either short-or long-term studies with orthosulfamuron.

**Mutagenicity (Genetic Effects):**
Orthosulfamuron is not mutagenic or genotoxic.

**12. ECOLOGICAL INFORMATION**

Ecological data were developed using orthosulfamuron technical.

**Environmental Precautions:**
With the exception of treating rice fields as specified on the label, do not apply directly to water or to areas where surface water is present or to intertidal areas below the mean high water mark. Do not contaminate arable land and/or water when disposing of equipment wash water or rinsate.

**13. DISPOSAL CONSIDERATIONS**

**General Disposal:**
Wastes resulting from the use of this product must be disposed of on site or at an approved waste disposal facility.

Any disposal practice must be in compliance with all federal, state/provincial, and local laws and regulations. State (provincial) and local requirements for
waste disposal may be more restrictive or otherwise different from federal laws and regulations. Chemical additions, processing, storage or otherwise altering this material may make the waste disposal information presented in this SDS incomplete, inaccurate, or otherwise inappropriate. Waste characterization and disposal compliance are the responsibility solely of the party generating the waste or deciding to discard or dispose of the material. Refer to appropriate federal (RCRA: 40 CFR.261), state/provincial, or local requirements for proper classification information. For regulatory information on the ingredient components, see Section 15.

Do not contaminate water, food, or feed by storage or disposal. Open dumping is prohibited. Pesticide wastes are toxic. Improper disposal of excess pesticide, pesticide spray, or rinsate is a violation of Federal law. If these wastes cannot be disposed of by use according to label instructions, contact your State Pesticide or Environmental Control Agency, or the Hazardous Waste representative at the nearest EPA Regional Office for guidance.

**Container Disposal:**
Empty the package completely and triple rinse container (or equivalent) promptly after emptying with water to be used for application. Then dispose of the empty container according to state and local regulations. Place in trash or offer for recycling if available or return it to the seller, or, if allowed by state and local authorities, by burning. If burned stay out of smoke.

### 14. TRANSPORT INFORMATION

<table>
<thead>
<tr>
<th>DOT:</th>
<th>Not regulated</th>
</tr>
</thead>
<tbody>
<tr>
<td>IATA:</td>
<td>UN 3077, Environmentally hazardous substance, solid, n.o.s., (orthosulfamuron), Class 9, PG III.</td>
</tr>
<tr>
<td>IMDG:</td>
<td>UN 3077, Environmentally hazardous substance, solid, n.o.s., (orthosulfamuron), Class 9, PG III, MARINE POLLUTANT. EmS: F-A, S-F</td>
</tr>
</tbody>
</table>

**STRADA is not regulated for transport** unless shipped by water or air.

### 15. REGULATORY INFORMATION

This chemical is a pesticide product registered by the Environmental Protection Agency and is subject to certain labeling requirements under federal pesticide law. These requirements differ from the classification criteria and hazard information required for safety data sheets and for workplace labels of non-pesticide chemicals. Following is the hazard information as required on the pesticide label:
CAUTION

Harmful if swallowed, absorbed through skin, or inhaled. Causes moderate eye irritation.

U.S. Federal Regulatory Information:
EPA Registration Number: 71711-44
TSCA Inventory: Registered pesticide; exempt from TSCA

SARA Title III Notification and Information:
Section 302 (EHS) Ingredients: None
Section 304 (EHS) or CERCLA Ingredients (RQ): None

Section 313 Ingredients: None

U.S. State Regulatory Information:
U.S. State Right-to-Know (RTK) Ingredients:
- Silica, Amorphous Diatomaceouse Earth (CAS No. 61790-53-2)
- Kaolin (CAS No. 1332-58-7)
- Crystalline silica, quartz (CAS 14808-60-7)

California Proposition 65 List:
- Quartz (14808-60-7) – This product contains a chemical known to the State of California to cause cancer (airborne particles of respirable size).

16. OTHER INFORMATION

HMIS® Hazard Rating:
Health: 1
Flammability: 0
Physical Hazard.: 0

NFPA Hazard Rating:
Health: 2
Flammability: 0
Reactivity: 0
Specific Hazard: None
