SECTION 1. CHEMICAL PRODUCT AND COMPANY INFORMATION

Product name: THIRAM 50WP
MSDS Number: 102000012744
EPA Registration No.: 264-942

Bayer CropScience
2 T.W. Alexander Drive
Research Triangle PK, NC 27709
USA

For MEDICAL, TRANSPORTATION or other EMERGENCY call: 1-800-334-7577 (24 hours/day)
For Product Information call: 1-866-99BAYER (1-866-992-2937)

SECTION 2. HAZARDS IDENTIFICATION

NOTE: Please refer to Section 11 for detailed toxicological information.

Emergency Overview
Caution! Causes eye irritation. Causes skin irritation. Harmful if swallowed, inhaled or absorbed through the skin. Do not get in eyes, on skin, or on clothing. Avoid breathing dust or spray mist.

Physical State: solid

Odor: weak characteristic

Appearance: white to off-white

Exposure routes: Inhalation, Skin Absorption, Ingestion, Eye contact

Immediate Effects

Eye:
Causes eye irritation. Do not get in eyes.

Skin:
Causes skin irritation. Prolonged or frequently repeated skin contact may cause allergic reactions in some individuals. Harmful if absorbed through skin. Do not get in eyes, on skin, or on clothing.

Ingestion:
Use of alcoholic beverages may enhance toxic effects. Harmful if swallowed. Do not take internally.

Inhalation:
Inhalation of dust may cause mucous membrane and respiratory irritation. Harmful if inhaled. Avoid breathing dust or spray mist.
Chronic or Delayed Long-Term

This product is not listed as a carcinogen by ACGIH, NTP, IARC or OSHA. However, it may contain crystalline silica (quartz), a substance which has been listed as a carcinogen by ACGIH, NTP and IARC. Crystalline silica is a naturally-occurring mineral component of many sands and clays. Although the carcinogenic potential of crystalline silica in humans is controversial, it must be considered if it is inhaled under excessive exposure conditions. The respirable portion of the silica that may be contained in this product, however, is small, such that inhalation exposure during anticipated conditions of use is minimal.

Medical Conditions Aggravated by Exposure

Individuals with allergic history or pre-existing dermatitis should use extra care in handling this product. As with all materials which can cause upper respiratory tract irritation, persons with a history of asthma, emphysema, or hyperreactive airways disease may be more susceptible to overexposure. Pulmonary and respiratory diseases may be aggravated by exposure to respirable crystalline silica.

Potential Environmental Effect

Toxic to fish, birds, and other wildlife.

SECTION 4. FIRST AID MEASURES

General

When possible, have the product container or label with you when calling a poison control center or doctor or going for treatment.

Eye

Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a physician or poison control center immediately.

Skin

Take off contaminated clothing and shoes immediately. Wash off immediately with plenty of water for at least 15 minutes. Call a physician or poison control center immediately.

Ingestion

Call a physician or poison control center immediately. Rinse out mouth and give water in small sips to drink. DO NOT induce vomiting unless directed to do so by a physician or poison control center. Never give anything by mouth to an unconscious person. Do not leave victim unattended.

Inhalation

Move to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably mouth-to-mouth if possible. Call a physician or
Notes to physician

Signs and Symptoms
More severe effects if alcohol is consumed.
Ingestion may provoke the following symptoms:
Nausea
Vomiting
breathing difficulties

Treatment
Treat symptomatically. There is no specific antidote.

SECTION 5. FIRE FIGHTING MEASURES

Flash point
> 93.4 °C / > 200.1 °F

Fire and Explosion Hazards
Dangerous gases are evolved in the event of a fire.

Suitable extinguishing media
Foam, Carbon dioxide (CO2), Dry chemical, Water spray

Fire Fighting Instructions
Keep out of smoke. Fight fire from upwind position. Cool closed containers exposed to fire with water spray. Do not allow run-off from fire fighting to enter drains or water courses.

Firefighters should wear NIOSH approved self-contained breathing apparatus and full protective clothing.

SECTION 6. ACCIDENTAL RELEASE MEASURES

Personal precautions
Keep unauthorized people away. Isolate hazard area. Avoid contact with spilled product or contaminated surfaces.

Methods for cleaning up
Avoid dust formation. Sweep up or vacuum up spillage and collect in suitable container for disposal. Clean contaminated floors and objects thoroughly, observing environmental regulations.

Additional advice
Use personal protective equipment.

SECTION 7. HANDLING AND STORAGE

Handling procedures
Handle and open container in a manner as to prevent spillage. Maintain exposure levels below the exposure limit through the use of general and local exhaust ventilation.

Keep away from heat and sources of ignition.
## Storing Procedures
Store in a cool, dry place and in such a manner as to prevent cross contamination with other crop protection products, fertilizers, food, and feed. Store in original container and out of the reach of children, preferably in a locked storage area.

## Work/Hygienic Procedures
Wash hands thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco, using the toilet or applying cosmetics.

Remove Personal Protective Equipment (PPE) immediately after handling this product. Before removing gloves clean them with soap and water. Remove soiled clothing immediately and clean thoroughly before using again. Wash thoroughly and put on clean clothing.

## Min/Max Storage Temperatures
- **Recommended minimum transport/storage temperature:** -7 °C / 19 °F
- **Recommended maximum transport/storage temperature:** 49 °C / 120 °F

---

### SECTION 8. EXPOSURE CONTROLS / PERSONAL PROTECTION

#### General Protection
Follow all label instructions. Train employees in safe use of the product.

Follow manufacturer’s instructions for cleaning/maintaining PPE. If no such instructions for washables, use detergent and warm/tepid water. Keep and wash PPE separately from other laundry.

#### Eye/Face Protection
Tightly fitting safety goggles

#### Hand protection
Chemical resistant nitrile rubber gloves

#### Body Protection
Wear long-sleeved shirt and long pants and shoes plus socks.

#### Respiratory protection
When respirators are required, select NIOSH approved equipment based on actual or potential airborne concentrations and in accordance with the appropriate regulatory standards and/or industry recommendations.

#### Exposure Limits

SECTION 10. STABILITY AND REACTIVITY

Conditions to avoid  Heat, flames and sparks.

Incompatibility  Acids
Oxidizing agents
Copper

Hazardous Decomposition Products  Thermal decomposition
nitrogen oxides (NOx)
Sulphur oxides
hydrogen sulfide
carbon disulphide

Chemical Stability  Stable under recommended storage conditions.

SECTION 11. TOXICOLOGICAL INFORMATION

Only acute toxicity studies have been performed on this product as formulated. The non-acute information pertains to the technical-grade active ingredient.

Acute oral toxicity  rat: LD50: > 2,000 mg/kg

Acute dermal toxicity  rabbit: LD50: > 2,000 mg/kg

Acute inhalation toxicity  rat: LC50: > 2.0 mg/l
Exposure time: 1 h

Skin irritation  slight irritation

Eye irritation  Moderate eye irritation.

Sensitisation  May cause sensitization by skin contact.

Chronic toxicity  Thiram targeted the liver, blood and urinary system in chronic toxicity studies in laboratory animals.

Assessment Carcinogenicity  Thiram did not demonstrate any biologically significant evidence of carcinogenic potential in rats and mice. EPA has classified thiram as "not likely to be carcinogenic to humans."

ACGIH
Thiram  137-26-8  Group A4
Titanium dioxide  13463-67-7  Group A4
Quartz (Silica, Crystalline)  14808-60-7  Group A2

NTP
Crystalline quartz (respirable)

IARC
Reproductive toxicity

REPRODUCTION: Thiram was not a reproductive toxicant in multi-generation reproduction studies in rats.

DEVELOPMENTAL TOXICITY: Thiram is a developmental toxicant.

Neurotoxicity

Thiram caused neurotoxic effects (e.g. lethargy, reduced activity) in laboratory animals.

Mutagenicity

Thiram was not genotoxic based on the overall weight of evidence in a battery of in vitro and in vivo tests.

SECTION 12. ECOLOGICAL INFORMATION

Environmental precautions

Do not contaminate surface or ground water by cleaning equipment or disposal of wastes, including equipment wash water. Do not apply directly to water, to areas where surface water is present or to intertidal areas below the mean high water mark. Apply this product as specified on the label. Do not allow to get into surface water, drains and ground water. Drift and runoff from treated areas may be hazardous to aquatic organisms in adjacent sites.

Ecological Information

Exposed treated seed may be hazardous to birds.

SECTION 13. DISPOSAL CONSIDERATIONS

General Disposal Guidance

Open dumping is prohibited. Pesticide wastes are toxic. Improper disposal of excess pesticide, spray mixture, or rinsate is a violation of Federal Law. If these wastes cannot be disposed of by use according to label instructions, contact your State Pesticide or Environmental Control Agency, or the Hazardous Waste representative at the nearest EPA Regional Office for guidance.

Container Disposal

Do not re-use empty containers. Rinsed packaging may be acceptable for landfill, otherwise incineration will be required in accordance with local regulations. If burned, stay out of smoke.

RCRA Information

Characterization and proper disposal of this material as a special or hazardous waste is dependent upon Federal, State and local laws and are the user's responsibility. RCRA classification may apply.
SECTION 14. TRANSPORT INFORMATION

49CFR
UN-Number 3077
Class 9
Packaging group III
Marine pollutant Marine Pollutant
Description of the goods ENVIRONMENTALLY HAZARDOUS SUBSTANCES, SOLID, N.O.S. (THIRAM)
RQ Reportable Quantity is reached with 20 lb of product.
